MEMORANDUM FOR THE DIRECTOR.

I noticed the name of Mr. Stanley J. Tracy on the list of Veterans Administration Examiners in Utah. I wanted to advise you that several years ago I knew Mr. Tracy quite well when he was attending George Washington University from which institution he received a law degree. I believe that he would be a very good prospect for development as a Special Agent in the Division proper. He has mature judgment, makes a satisfactory personal appearance, is conscientious and possesses sufficient force. In the event the character investigation in his case is favorable which I believe it will be, I feel that he will make a desirable employee for continuance in the Division.

Respectfully,

Clyde Tolson.

Dear Sir:

Attached hereto you will find an application for appointment prepared and being submitted by Stanley J. Tracy, formerly Field Examiner in the employ of the Veterans Administration, Salt Lake City, Utah, and now employed for a thirty day period at this Division office.

Mr. Tracy impresses me as being an alert, intelligent and well versed man in the field of investigation in which he has been engaged, and impresses me as being a person who would make a good investigator in this Division in all classes of its work after familiarizing himself with same, and some training. I am making him the subject of investigation, and a report along this line will go forward to you within the next few days.

Very truly yours,

John A. Dowd

NOTES FOR EXAMINING PHYSICIAN

WEIGHT: Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed but without wrap or hat.

HEIGHT: Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations, as to—

- (1) **EYES:** Ptoxis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses.*
- (2) **EARS:** Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.
- (3) **NOSE:** Ability to blow through each nostril. If free, a speculum examination would not be indicated.
- (4) **MOUTH:** Missing teeth, pyorrhea.
- (5) **TONSILS:** Tonsils, hypertrophy.
- (6) **THYROID:** Presence of tumor in neck and tremor, exophthalmos; nervous highstrung disposition, especially in women.
- (7) **HEART:** Murmurs. If valvular disease exists, state whether or not it is fully compensated.
- (8) **LUNGS:** It is necessary that the auscultatory cough be used. Tuberculosis; if present state whether active or arrested, and if arrested your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.
- (9) **INGUINAL RINGS:** Hernia, no hernia but impulse on coughing; no hernia or impulse but abnormally large rings. Any other hernia should be noted, and if present describe fully and state whether it is retained by well-fitting truss.
- (10 to 13) **SCARS, DEFORMITIES, ATROPHIES, PARALYSES, OR FLAT FOOT** of such a nature as to incapacitate or become aggravated by work or be later alleged as caused by accident or occupation. By "flat foot," as used in this form, is meant a foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. It is not intended that small, insignificant blemishes which might be referred to as marks of identification be recorded.
- (15) **URINALYSIS** to be made and blood pressure to be taken when especially indicated, particularly in persons over 40 when arteriosclerosis, nephritis, or diabetes is suspected.

AT SALT LAKE CITY, UTAH

Mr. E. A. Littlefield, Regional Manager, United States Veterans' Administration, related that applicant was attached to his office as Field Examiner, since June 1932, when he was transferred from the Naturalization Service at Detroit, Michigan, where he was employed as Naturalization Examiner. Mr. Littlefield states applicant is married, has a wife and two small children, residing in Salt Lake City. He considers applicant a very high type man, as an investigator he regards him as outstanding; has a well-balanced personality, works very diligently and conscientiously and his investigative reports are most thorough, informative and accurate. Mr. Littlefield states that he felt that applicant would prove to be a valuable man in his Division, as he has a thorough knowledge of law, and as the faculty of working on his own initiative and submitting a report that Mr. Littlefield considers reflects painstaking and intelligent investigation. He further relates that applicant works entirely as a Field Examiner for the Veterans Administration, covering the entire state of Utah; that in the 14 months of applicant's work under Mr. Littlefield he has never heard the slightest criticism or complaint against applicant. Applicant is a member of the Utah Bar Association, and during the absence of Frank Anderson, Chief Attorney, Veterans' Administration, Salt Lake City, applicant appears in the local courts to assist in appointing guardians for veterans.

Mr. Littlefield relates further that it is his duty to submit a personnel statement to the Veterans' Administration at Washington, D.C., and he submitted a fine report as to applicant's efficiency. He permitted Agent to examine this report which shows that applicant is very careful in his work; better than industrious, well informed as to his duties, better than good judgment, more than progressive and resourceful. Mr. Littlefield says that applicant has no unfavorable characteristics whatever, is quiet, unassuming, and is in every way qualified to perform investigative work of the highest type.

Mr. Littlefield further states that applicant's wife was formerly a Miss Qualtrough of Salt Lake City, that her father is the senior member of the firm of Funeral Directors at 544 South Main Street, Salt Lake City, known as Qualtrough and Alcott, that applicant's father-in-law is a very fine man and devoutly religious; that applicant's father is deceased and applicant's mother, Mrs. Gene Tracy, lives in Midvale, Utah, at the home of Doctor H.E. Nelson, a practicing dentist in that town.

Mr. Littlefield relates that applicant moved to Washington, D.C., when he was about eighteen years old and was a member of the Student Officers Training Corps while attending George Washington University, and is a member of the American Legion in Salt Lake City at the present time. He is said to be a member of the Congregational Church while not particularly active in religious activities. He resides at 1360 Kensington Avenue, Salt Lake City, Utah, to which address he has recently moved.

Mr. Littlefield relates that applicant while attached to the Veterans Administration at Salt Lake City, was under the immediate supervision of the Chief Regional Attorney, Frank D. Anderson, who would be in a position to furnish additional information.

Mr. Frank D. Anderson, Chief Regional Attorney, Veterans Administration, Salt Lake City, relates that applicant has served under his supervision since his transfer from Detroit about fourteen months ago, that applicant was known as a Field Examiner for the Veterans Administration, received a salary of \$2,600.00 a year, his duties varied and that he traveled throughout the state of Utah about one third of the time. His specific duties, according to Mr. Anderson, are as follows:

Applicant while Field Examiner of the Veterans Administration is directly responsible for "the execution of all investigations and surveys assigned under existing legislation, general orders, regulations, etc. such as investigations concerning expenditures by guardians and custodians of incompetents or minors; to examine probate court records to determine the legality of appointments; to see the documents are on file, if hearing was held and notice served in accordance with statutes; to determine what surety bonds have been furnished and the responsibility of the person executing the bond; to ascertain if wards are properly maintained, and to explain the responsibility to guardian or custodian in this regard; to conduct investigations to determine the merits of specific charges or allegations; to obtain evidence relative to claimants' dependents, service disability, employment records, payrolls, physicians' records, affidavits, marital status, character cases or fraud; to examine into the correctness of claims and to administer oaths as set forth in regulations and procedure; to obtain evidence, affidavits, etc., in connection with pension claims, litigated insurance cases, and to conduct other investigation as may be assigned".

Mr. Frank D. Anderson further relates that he has closely supervised the work of applicant in connection with his aforementioned duties, and he has the very highest regard for applicant's work, as well as his character, ability and capacity, that the completed reports reflected that applicant had very intelligently and carefully prepared them, that they were splendidly done. Applicant, according to Mr. Anderson, is thoroughly trustworthy, has no bad habits whatever "other than he is interested in the game of golf". However, he unhesitatingly puts in overtime and his fondness for this game does not in any way interfere with his official duties. He related further that Federal Judge Tillman Johnson of Salt Lake City, before whom many Veterans cases were tried and the evidence therein being uncovered by applicant, related that applicant is one of the few

men appearing in his court who can and does furnish evidence that will stand up in court. Mr. Anderson relates further that applicant has lived in Washington, D.C., for many years where he was employed by the Government and where he attended school, but that applicant visited his mother in Midvale, Utah, some years ago and attempted to practice law in that town which practice he found unprofitable due to the small population of the community and the limited opportunity of acquiring any legal business there.

William L. McCabe, 1163 Princeton Avenue, Salt Lake City, and Chief Accountant of the Veterans Administration, Salt Lake City, Utah, relates that he has known applicant since the latter was a small boy in Ogden, Utah; that he also attended George Washington University with applicant and is well acquainted with him. He considers applicant a fine young man in every way, quiet, refined, energetic and ambitious, and has a pleasing and somewhat reserved personality, and conveys confidence and assurance to those with whom he comes in contact. Mr. McCabe says that applicant's past life has been correct in every way, that applicant is highly moral, trustworthy, in good health, and applicant while living in Ogden, Utah, till he was about seventeen years old, and during the entire period of Mr. McCabe's association with applicant, he never heard anyone speak unfavorably of applicant, nor has he ever known applicant "to do anything that is the slightest deviation from the pathway of honor".

While applicant was at the Salt Lake City Division Office, where he is at the present assigned, applicant occupied the desk adjoining that of the writer, who had occasion to engage in a number of conversations with him. Applicant related that he was a member of the Utah State Bar, that about five years ago upon his graduation from George Washington University, he went to Midvale, Utah, and attempted to practice law, but found the opportunities there limited and the potential law business negligible, that he left there and re-entered the Government service. He also related that he was sworn in with about 150 members of the American Legion as a Special Police Officer in Salt Lake City attached to the Salt Lake City Police Department, to be used only in the event of some emergency, strike or disturbance, when the local police would be unable to cope with an unusual situation.

Agent interviewed A.H. Rogers in charge of the Identification Bureau of the Salt Lake City Police Department, and H.L. Bauer, Secretary to the Chief of Police, neither of whom had any record of applicant, who was unknown to the police department. Mr. Bauer related that a large number of representative citizens, including

Legionnaires, had been sworn in as Special Police Officers to be used only in case of an emergency, but he was unable to locate the name of applicant on his current list. However, he said that the possibility exists that he had been actually sworn in as a Special Officer and through some oversight his name had not been properly recorded on the Police records.

Mr. E. C. Jensen, Assistant United States Attorney, Post Office Building, Salt Lake City, Utah, relates that he has known applicant since June 1932, or a few days after he was transferred to Salt Lake City from Detroit and assigned to his duties as Field Examiner for the Veterans Administration, that since that time he has frequently conferred with applicant in connection with the presentation of veterans' cases and has reviewed many investigative reports which applicant has submitted. Mr. Jensen states he feels that applicant is an outstanding investigator, that his reports are thorough, concise and direct, that the evidence which he collects is pertinent and vital and as a result of applicant's investigations, the Government has been saved many thousands of dollars, as each veterans's case represents a potential loss to the Government of \$10,000. in the event the Veteran is successful in his suit. Mr. Jensen relates that he has always found applicant fair, impartial, a conscientious and energetic worker, that as a result of applicant's investigations there have been very few of the cases where applicant has made the investigation, contested or gone to trial. Mr. Jensen went a step further and cited a number of specific instances where applicant, through his resourcefulness and aggressiveness, has developed evidence of great value to the Government in connection with the veterans cases which he has investigated.

AT MIDVALE, UTAH

Dr. H. E. Nelson, Dentist, 12 East Center Street, home address 589 East Center Street, Midvale, Utah, relates that he is the brother-in-law of applicant, that he married applicant's sister, and that applicant's mother, Mrs. Gene Tracy is now somewhat elderly and is residing in Dr. Nelson's household, that applicant's home was originally in Ogden, Utah, where he departed therefrom many years ago; that applicant's father was employed on the Union Pacific Railroad at Ogden, and has been dead for some years. Dr. Nelson relates that his relationship to Applicant would not make him prejudiced, but he considered applicant a fine young man, and had no bad qualities whatever, that applicant is self-made, has been a studious, painstaking and conscientious worker, and that his character is above reproach, that applicant had resided in Midvale, Utah, about five years ago for about a year immediately after his graduation from Law School in Washington, D.C., and attempted to start a law practice in Midvale but the opportunities were too limited to enable him to meet with any success in this venture. He said that applicant made many friends while here and is highly regarded in the community, that applicant

while in Midvale about five years ago was employed with the Jordan Publishing Company as its business agent, but this company is now out of business and P.S. Roberts, who formerly operated this organization has moved away and Dr. Nelson does not know where he is now residing.

C.S. Watson, proprietor of the Midvale Drug Company, Midvale, Utah, relates that he knows applicant in a general way; that applicant resided in this town about six or seven years ago, was highly regarded in the community, had a good reputation, attempted to practice law but had little business. He states that he has not seen applicant for some years but knows that applicant's relatives are still residing in Midvale, Utah, and that applicant generally well thought of during his period of residence in this town.

N.J. Vincent, owner of the Vincent Company, one of the leading stores in Midvale, Utah, recalls applicant as having lived here about seven years ago; that he had just been graduated from a University in the east and was seeking to establish himself, that he did some law business and was interested in some mine in Nevada, where he lived for some months, that he returned east and Mr. Vincent has not since seen him. Mr. Vincent said that applicant's conduct and reputation while in the community was highly satisfactory and he has never heard anyone speak unfavorably of him.

Clifford J. Coff, Postmaster, Midvale, Utah, relates that he does not recall applicant but is well acquainted with applicant's mother, Mrs. Sena Tracy, and applicant's brother-in-law, Dr. H.E. Nelson, that they have lived in the community for about thirty five years and are people of sterling character. Mr. Coff states that if applicant had been practicing law in this community about seven years ago, it must have been in a small way, as there are no attorneys in this town at the present who were engaged in the practice of law at that time, to his knowledge, and that applicant probably maintained his law office at his mother's home in Midvale, Utah.

REFERENCE:

Letter from Salt Lake City Office dated 9/13/33.

DETAILS:

At Detroit, Michigan

E. Emmett McKenzie, Acting District Director of Naturalization of the Bureau of Immigration and Naturalization, Department of Labor, Lafayette Building, was interviewed. He advised that his file reflects that Applicant entered the employ of the Naturalization Bureau at Detroit, Michigan, on March 21, 1928, as a naturalization examiner at a salary of \$2100, and was employed in that capacity at that salary until July 1, 1928, when his salary was increased to \$2800. Further, that on May 31, 1932, Applicant was transferred from Mr. McKenzie's office at Detroit, Michigan, to the office of the Veterans Administration, either at Denver, Colorado, or Salt Lake City, Utah, at a salary of \$2800 per annum. Mr. McKenzie advised that he was acquainted with Applicant at Detroit, and that Applicant was a conscientious industrious intelligent young man who never caused the Naturalization Service any embarrassment whatsoever; that his conduct at Detroit was good. Mr. McKenzie believed he would make a good Agent.

Mr. McKenzie advised that Applicant had attended George Washington University Law School, Washington, D. C., from which institution he graduated in 1925; that during the time he was attending said institution he was employed as an investigator for the Bureau of Labor Statistics of the Department of Labor. Further, that Applicant was admitted to the Bar in the District of Columbia in March of 1926, and to the Supreme Court of the State of Utah in January of 1927.

Mr. McKenzie advised that he was unable to supply information as to Applicant's residence while in Detroit. He had no information concerning the same in his file. Mr. McKenzie advised that Mr. O. T. Moore, Former Director of his office at Detroit, Michigan, was at present residing at 12276 Washburn Avenue, Detroit, Michigan. Mr. McKenzie also advised that Examiners Robert C. Wilson and Wade M. Becker of his office had been acquainted with Applicant for a considerable time, both in a business and social way.

Robert C. Wilson of the Naturalization Division of the Bureau of Immigration and Naturalization, Lafayette Building, was interviewed. He advised that he has known Applicant since 1922, when he first became acquainted with him when Applicant was taken into the Sigma Nu Fraternity of George Washington University at Washington, D. C.; that Applicant graduated from the Law School of said University in Spring of 1925 and remained in Washington, he believes, until some time in 1926, when he was admitted to the Bar of the District of Columbia; that Applicant, he believes, then went to Midvale or some other small town in Utah where for a year or two he was associated and engaged in the editing of a newspaper, and that thereafter until the time he was appointed to the Naturalization Service at Detroit, Michigan, he practiced law in the State of Utah, exact address unknown; that he again became closely associated with Applicant in February of 1929, when he, Wilson, reported to Detroit in the Naturalization Service where Applicant was employed until May of 1932.

Mr. Wilson regards Applicant very highly, and states that he is intelligent and conscientious; that he has occasionally taken a drink of liquor but that it is not habitual with him and that he is positive he can leave it alone. Mr. Wilson stated when Applicant first came to Detroit he resided at 5310 Woodward, until 1929 when he was married to a girl from Utah; that they then resided for some two or three months in an apartment in Detroit and then moved to 14845 Indiana Avenue, at which address Applicant and his wife resided until Applicant was transferred to the Veterans Administration out of Detroit. Mr. Wilson stated that Applicant has one or two children. Mr. Wilson advised that Assistant Director Tolson of this Division is well acquainted with Applicant and suggests that if he has not already been contacted as to Applicant he should be.

Mr. Wade M. Becker was also interviewed at the same

office where he is also an examiner. Mr. Becker stated he first met Applicant in 1921 in Washington, D. C., where they were both members of the Sigma Nu Fraternity of the George Washington University, and has known him since that time. He supplied the same history of Applicant as that supplied by Mr. Wilson. Mr. Becker advised that he considered Applicant an honest honorable and intelligent young man with a good fundamental knowledge of law and with a keen mind, and believed that he is well qualified for the position sought with this Division. He also suggested that Assistant Director Tolson should be contacted.

The writer called at 12276 Washburn Avenue and there was advised by Mrs. O. T. Moore that her husband, formerly Director of the Naturalization Service, was at present in Washington, D. C., and could be reached care of F. A. Reinohl, 1016 Maple Avenue, Silver Springs, Maryland. Further that he could only be reached at that address after 6 P. M. in the evening and that an appointment could probably be made over the phone as there is a phone listed in the name of Reinohl at this address. Upon receipt of this information a letter was dispatched to the Washington Field Office requesting the necessary interview by that office.

At 5510 Woodward Avenue where Applicant formerly resided, Mrs. H. B. Anderson, operator of this rooming house, was interviewed. She advised that Applicant during the time he resided there was a conscientious quiet young man of conservative habits who never caused any trouble; that he was amiable and was liked by the other roomers; that she had never known him to use intoxicants while he resided there. She stated he paid his bills promptly and it was never necessary for her to sue him in connection with them. She further advised that all of his associates appeared to be clean-cut young men.

The writer called at 14845 Indiana Avenue and inquiry at this address developed that the occupants of this address, which is a two-family house, had moved in subsequent to the departure of Applicant and were not acquainted with him. Inquiry at numerous addresses in the vicinity developed that only one person at present residing in the vicinity recalled Applicant, that being Mrs. J. Nelson Brown of 14857 Indiana Avenue. She advised that she had not been intimately acquainted with Applicant or his wife; however that they were very conservative and respectable people and had caused no trouble and were well behaved during the time they resided at 14845 Indiana Avenue. She advised that the property was owned by the Griswold Securities Company, 1103 Kresge Building.

At the Griswold Securities Company, 1103 Kresge Building, G. A. Bibbington was interviewed, who advised that he recalled the fact that Applicant had been a tenant of his company at 14845 Indiana Avenue about a year or more ago; that Applicant had always been prompt in the payment of his rent and that they had never received any complaints from neighbors in the vicinity of 14845 Indiana as to Applicant's or his wife's behavior.

At the Merchants Credit Bureau the writer was advised by Mr. Elliott that there are no judgments of record as ever having been obtained against Applicant, nor has Applicant ever been sued on a debt in Detroit, nor does the file reflect that Applicant is indebted or has ever been indebted to any retail merchants in Detroit.

Inquiry at the Police Department resulted in the writer being advised at the Bureau of Records that said Bureau contains no record of Applicant under the name of Stanley J. Tracey.

1919, to \$1200 per annum; resigned May 31, 1920. There is nothing in the file as to the nature of his services or how well his duties were performed. He was released due to reduction of force May 31, 1920. The very limited records of the Treasury Department pertaining to applicant indicate that he was appointed a clerk (auditor War Department) June 1, 1920, the probationary appointment having expired October 31, 1920, salary \$1,000 per annum. The record indicates that applicant was born at Ogden, Utah, 1900.

The appointment clerk, Department of Labor, advises that applicant entered on duty as a clerk at \$1200 per annum in the Bureau of Labor Statistics; November 1, 1920; August 1, 1921 promoted to \$1400 per annum; November, 1923, promoted to \$1600 per annum; July 1, 1924, promoted to main clerk, research investigator, at \$1860 per annum; July 16, 1924, promoted to position of Assistant Economist in charge of Industrial and Economic Law; September 1, 1924, promoted to \$1920 per annum; resigned August 6, 1926. From March 21, 1928, to May 31, 1932, applicant was in the legal branch of the Naturalization Service at \$2100 per annum, filling the position of Junior Naturalization Examiner at Detroit, Mich. On the latter date, applicant was transferred to the Veterans Administration with offices at Salt Lake City.

Mrs. Nell W. Gravatte, Assistant Appointment Clerk, stated that she personally knew applicant and considered him one of their outstanding employees. She referred to him as being an exceedingly high grade man, married, one in whom confidence may be safely entrusted, and is unusually well qualified to fill the position sought. She stated that he had a splendid record with the Naturalization Service at Washington, D. C.

The records of George Washington University indicate that applicant entered at the College of Engineering in September, 1915, and completed his first semester in February, 1919. He took a general arts course during the summer of 1919, and continued same until June, 1921. His mark was a little below the average for the entire period. He entered the Law School at George Washington University in 1921, receiving his LL.B. Degree in June, 1925, and attended the University from 1925 to 1926, having registered during that period for an LL.M. Degree. He made a fair record during his attendance at Law School, but discontinued his attempt to obtain the Master of Laws Degree in 1926.

Mr. Raymond F. Crist, former Commissioner of Naturalization, 3025 Newark Street, N. W., stated that he has known applicant for a long time, and referred to him as being a splendid and fine young fellow, one possessed of a good mind; appreciates confidence; that he had the

-3-

opportunity to closely observe him in his work; that he gives all he has to the service; that he is faithful, possessed of good health; that his domestic relations are all that could be expected, and that he has at all times closely applied himself to all work delegated to him. Mr. Crist unqualifiedly recommends applicant.

Mr. Charles F. Baldwin, Chief Clerk, Bureau of Labor Statistics, Department of Labor, referred to applicant as one of the best employees he has ever observed. He stated that applicant was employed in the legal division as an assistant to the law clerk, and to a large extent his work had to do with the compilation of labor laws. He stated that applicant is a splendid field man and all around good clerk, and research worker; that he, Mr. Baldwin, had the opportunity to very closely observe him during his connection with the Department of Labor, and that he has formed a most favorable impression of his ability, initiative and general background. Mr. Baldwin stated that he thought a great deal of applicant, and considered him exceptionally well qualified for favorable consideration by the Department of Justice.

Mr. O. T. Moore, former District Director, United States Naturalization Service at Detroit, Michigan, was located at the home of F. A. Reinohl, 1013 Maple Avenue, Silver Spring, Md. Mr. Moore referred to applicant as being a "glutton" for work; that he had the opportunity to observe applicant during his connection with the Naturalization Service of the Department of Labor; that he, Mr. Moore, has had close contact with the Department of Justice for many years and with the former Directors, as well as the present, and that he feels he very thoroughly understands the nature and type of men which the Director desires to appoint. Mr. Moore expressed the unqualified belief that applicant possessed the general ability, character and qualifications necessary to make a successful employee in the Department of Justice. Mr. Moore unqualifiedly recommends applicant.

Applicant was admitted to practice before the D. C. Bar March 10, 1926.

No police or traffic records were located.

S.L. File 67-261

Dear Sir:

In connection with the investigation being made concerning the above named applicant, I have to advise you that E. Marie Brown, Assistant Registrar, Board of Health, Ogden, Utah, has informed that that board has a record of the birth of a son to J.M. Tracy, 349 - 26th Street, Ogden, Utah, on September 11, 1900. The birth was prior to the adoption of the regulation birth form in the state of Utah so the name of the son and the name of the mother are not given in the record.

In this regard it will be recalled that applicant stated that he was born at Ogden, Utah, September 11, 1900.

6. GENERAL IMPRESSIONS OF APPLICANT:

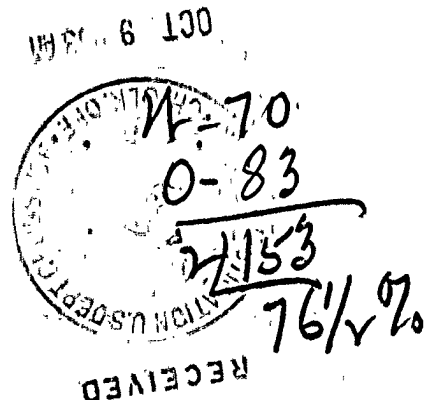

Tracy is 33 years of age. He was born Sept. 11, 1900 at Ogden, Utah, has been married for four years and has two children. His uncle by marriage, C.P. Kar, is a retired clerk of the War Department. The latter's daughter, Mrs. Irene Bradley, is employed in the Compensation Office of the Federal Personnel Classification Board, at Washington. Another cousin, William L. McCabe is an accountant in the Veterans Administration at Salt Lake City, Utah.

In June 1925 the applicant received an LLB Degree from the George Washington University, during that same year he was admitted to the D.C. Bar, and also has been admitted to practice in Utah. He has never practiced law except for a temporary period of about 1½ years at Midvale, Utah. He uses a typewriter efficiently, and speaks some Spanish. This applicant entered the army at the age of 18 years. He was stationed at Washington in the military service for 2½ months. He has had various subsequent Government employment; he worked 1½ years as clerk in the War Department; for about six months was a clerk in the Auditor's Office in the Treasury, and for approximately six years was employed in the Department of Labor, in various capacities. Subsequently he worked four years as a Naturalization Examiner, being stationed at Detroit and Salt Lake. He has been with the Veterans Administration as a Field Examiner since June 1st, 1932, at a basic rate of pay of \$2600.00 per annum. During the course of interview with this applicant, I was impressed with his soundness and common sense. He seems to be entirely mature, alert and physically active. He possesses our basic qualifications and in view of his previous investigative experience and general personality, I am rather certain that he would rapidly develop into a better than average investigator.

Result of dictation test: Good. Fair. Poor.
Bureau test rating: 70 %.

7. Do you consider the Applicant qualified for the appointment he seeks and, if appointed, do you believe he would develop into better than an average employee? Yes.

Inspector.

Salt Lake City, Utah,
October 5, 1933

Director,
Division of Investigation,
U. S. Department of Justice,
Washington, D.C.

Dear Sir:

In connection with my application for the position of Special Agent, Division of Investigation, United States Department of Justice, I am submitting herewith a brief summary of my education and experience:

Was graduated from George Washington University Law School at Washington, D.C. in June 1925, after having completed the requisite law course and some two and one-half years of general college work.

Took the Bar Examination of the District of Columbia in the fall of 1925, passed, and was admitted to the Supreme Court of the District of Columbia in the early part of 1926; was admitted to the Bar of the State of Utah in 1927 and am at present a member in good standing in that state.

After discharge from the military service of the United States in December 1918 at Washington, D.C., was admitted to the Civil Service on examination, as a clerk in the War Department; was transferred to the Treasury Department, Office of the Auditor for the War Department, in the spring of 1920. In the fall of 1920 accepted a position with the Department of Labor, Bureau of Labor Statistics, with which Bureau I remained continuously until August 8, 1926.

My duties while in the employ of the Bureau of Labor Statistics consisted, for the first three years, of office work in Washington, D.C., during the greater part of the year. During the summer time, usually from the latter part of May, until the first of October, the duties consisted of traveling in various parts of the United States, securing information relative to the employment of labor in various industries. It included the following of the trend of retail prices, particularly food and clothing, the securing of employment statistics, the contacting of various labor unions, and securing therefrom records of their union scale of wages and conditions of employment, the study of particular industries, such as a survey of convict labor in state penitentiaries and industrial schools, a study of the paper making industry and information relative to the employment

of labor and working conditions generally. This information was used, in part, by the various Boards of Conciliation in the Labor Department. Special investigations were required, at times, for the purpose of securing information relative to causes and conditions underlying existing strikes.

From the first part of 1927 until March 1928 I was engaged in the practice of law at Midvale, Utah.

On March 21, 1928, I entered the employ of the Bureau of Naturalization, Department of Labor, as a Naturalization Examiner, at Detroit, Michigan, in which position I remained continuously until May 31, 1932, at which time a transfer was secured to the Veterans Administration at Denver, Colorado, with official station at Salt Lake City, Utah.

The duties performed as Naturalization Examiner consisted of preparing naturalization cases for hearing in Federal and State Courts in the case of a violation of the penal provisions of the Naturalization Act. It was the duty of the Examiner to make appropriate investigation, present the matter to the United States District Attorney, appear before the Grand Jury, and assist generally in the prosecution of the offender. As a designated Examiner of that service it was my duty to conduct naturalization hearings in the place of the United States District Judge and submit to him written recommendations relative to the disposal of the cases.

As a Field Examiner of the Veterans Administration, the duties consisted of investigating and preparing the evidence on behalf of the Government, with a view of a successful defense on the part of the Government at the trial of War Risk Insurance Cases. This investigation concerned the industrial and social activities of the veteran concerned from the time of his enlistment in the United States Military or Naval Service until the present time, particular attention being paid to his industrial and medical history.

I am interested in a position of Special Agent with this Division, I am willing and able to travel at any time and to be assigned to any post of duty in the discretion of the Division. Having traveled and lived in various parts of the United States during the past 15 years, I have no particular preference with regard to any locality.

As a personal reference would appreciate your interviewing Mr. Clyde A. Tolson, Division of Investigation, Washington, D.C.

and his brother, Hillory A. Tolson, Assistant Director, National Park Service, Washington, D.C. I have been personally acquainted with these men for a period of some 12 years.

Respectfully,

Stanley J. Tracy

Mr. H. H. Clegg,
Division of Investigation,
U. S. Department of Justice,
Washington, D. C.

Dear Sir:

Mr. Stanley J. Tracy, Salt Lake City, Utah, has been appointed as a Special Agent in the Division of Investigation, U. S. Department of Justice and has been ordered to report to you for oath of office and assignment on **October 16, 1933.** He is being advised that his appointment is tendered to him for a probationary period with the understanding that he will be assigned to any part of the country where his services may be needed.

It will be incumbent upon you to devote particular attention to thoroughly training him, giving his development your personal attention. He should be fully instructed in all phases of the Division's work. His investigative actions should be carefully watched and any and all steps taken by you to develop him in such a manner as will make his work creditable to himself and of value to the Division.

You should notify this office of his entry on duty and forward his oath of office, in duplicate, together with his personal history sheet, as soon as possible.

Very truly yours,

(2 children)

LL.B. - Geo. Wash. Univ.
Member D.C. and Utah Bars.

EDUCATION

High School,
Ogden, Utah.
1914-1918.

Not investigated.

George Washington Univ. Records show that applicant pursued an engineering course from Sept. 1918 to February 1919; and then took a general arts course until June 1921. His mark was a little below the average for the entire period. In 1921, he entered law school and received an LL.B. degree in 1925. Applicant made a fair record at Law School, but discontinued his attempt to obtain the Master of Laws Degree in 1926.

Member of D.C. Bar.

Applicant was admitted to practice on March 10, 1926.

EXPERIENCE

War Department,
Wash., D.C.
Clerk, 1919-1920.

Records show that applicant was given a probationary appointment at a salary of \$1100 per annum and was promoted to \$1200. Applicant was released due to reduction of force.

Treasury Department,
Auditor for War Dept.
Clerk, 1920.

Records show that applicant was appointed June 1, 1920, and his probationary appointment expired October 31, 1920. No other information was obtained.

Labor Department,
Bureau of Labor
Statistics.
Clerk, 1920-1926.

Records show that applicant entered as a clerk at \$1200, was promoted four times and when he resigned he was receiving \$1920 as Assistant Economist in charge of Industrial and Economic Law.

Practice of law in
Utah, 1926-1928.

Dr. H. E. Nelson, Midvale, Utah, brother-in-law of applicant, stated that applicant attempted to start a law practice in Midvale but the opportunities were too limited to enable him to meet any success in this venture.

All persons interviewed at Midvale spoke highly of applicant.

Naturalization Service,
Dept. of Labor,
Detroit, Mich.
Field Examiner,
1928-1932.

Mr. T. Emmett McKenzie, Acting District Director, and two examiners, advised that they believed applicant qualified for the position sought. They spoke highly of him, and advised that applicant had a good record while with the Naturalization Service.

EXPERIENCE

Veterans' Administration,
Salt Lake City, Utah.
Field Examiner, from
June 1932 to Sept. 1933.
Mr. Littlefield listed
as a reference.

Mr. E. A. Littlefield, Regional Manager, stated that applicant is an outstanding investigator; has a well-balanced personality, works very diligently and conscientiously and his investigative reports are most thorough, informative and accurate. Mr. Littlefield states that applicant would prove to be a valuable man in this Division.

REFERENCES

Mr. Frank Anderson,
Chief Attorney,
Veterans' Administration,
Salt Lake City.

States that applicant served under his supervision and he has the very highest regard for applicant's work, as well as his character, ability and capacity; that his reports are very intelligently and carefully prepared; and he is one of the few men reported by Federal Judge Tillman Johnson, who appears in his court and who furnishes evidence that will stand up in court.

Mr. E. C. Jensen,
Asst. U. S. Attorney,
Salt Lake City.

States that applicant is an outstanding investigator, that his reports are thorough, concise and direct, and as a result of applicant's investigations, the Government has been saved many thousands of dollars.

Mr. O. T. Moore,
Former District Director,
U. S. Naturalization
Service, Detroit, Mich.

Referred to applicant as being a "glutton" for work. Mr. Moore expressed the unqualified belief that applicant possessed the general ability, character and qualifications necessary to make a successful employee in the Division.

Mr. Raymond F. Crist,
Former Commissioner of
Naturalization, D.C.

Stated that he has known applicant for a long time; that he possesses a good mind, appreciates confidence and he gives all he has to the service. Mr. Crist unqualifiedly recommends applicant.

Mr. Charles Baldwin,
Chief Clerk,
Bureau of Labor Statistics,
Labor Department.

Stated that applicant was one of the best employees he has ever observed; that he is a splendid field man and all around good clerk, and research worker. Mr. Baldwin believes that applicant is exceptionally well qualified for the position sought.

MISCELLANEOUS

Born September 11, 1900
at Ogden, Utah.

War Department records show that applicant was born in 1900.

Memorandum for the Director
dated September 11, 1933.

Mr. Tolson states that he knows applicant quite well, and he believes that applicant would be a very good prospect for development as a Special Agent in the Division proper; that he has mature judgment, makes a satisfactory personal appearance, is conscientious and possesses sufficient force.

Applicant has been recommended for appointment.

Respectfully,

Howard P. Locke

Dear Sir:

Confirming telegram of even date, I am enclosing herewith a letter signed by the Attorney General appointing you as a Special Agent in the Division of Investigation, U. S. Department of Justice, in Grade Caf 8, salary at the rate of \$2900.00 per annum, less 15% deduction under the Economy Act of 1933. You will also be allowed your actual expenses of travel and operation and \$5.00 a day in lieu of subsistence when absent from official headquarters, which will be designated after you receive instruction at Washington, D. C., to which point you should proceed at your own expense if you accept appointment. Your headquarters will be fixed from time to time at such places as may be deemed advisable. As stated in the enclosed letter, during the instruction period at Washington, D. C., you will be allowed \$5.00 a day in lieu of subsistence and following the course of instruction, you will be required to pay the necessary expenses of travel from Washington, D. C., to the post of duty to be designated. Your account covering expenses incurred in connection with travel performed will be adjusted so as to allow you the difference between the expenses incurred in traveling via Washington, D. C., and such expenses as you would have been required to bear if no stop-over had been made for official duty at Washington, D. C. You should retain any Pullman receipts secured in connection with travel to Washington, D. C., for use in the preparation of your expense account.

This appointment is of a probationary character solely and it is to be understood that it will be necessary for you to fully demonstrate your fitness for continued employment in the Division of Investigation. It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should notify this office at once if this appointment is accepted by you. If it is not accepted in one week's time it will be cancelled.

Should you accept, you are directed to proceed to Washington, D. C., at your own expense, and report to Mr. H. H. Clegg, Hurley-Wright Building, 18th Street and Pennsylvania Avenue, N.W., for oath of office and assignment, on October 16, 1933, at 9:00 A. M.

You should so arrange your personal matters before taking oath of office, that you will be able to accept assignment to any part of the country where your services may be needed.

Consider this letter strictly confidential, giving it no publicity.

Very truly yours,

SUMMARY

Inspector J. M. Keith reports that applicant presents a good personal appearance and approach; has refined features; has a good personality; is steady in poise; average in speech; is self-confident; is tactful; answers general questions definitely; has studied Federal Procedure; has had five years investigative experience with the Departments of Labor and Veterans Administration; appears to be resourceful, has some executive ability and is likely to develop. Applicant was good in the dictation test. He uses the typewriter efficiently.

Applicant has been employed in various Government Departments as a clerk; was a Naturalization Examiner for about four years and has been a Field Examiner with the Veterans Administration since June 1, 1932. He is a member of the Sigma Nu Fraternity.

Inspector Keith states that applicant impressed him with his soundness and common sense; that he seems to be entirely mature, alert and physically active; that he possesses our basic qualifications and in view of his previous investigative experience and general personality, is rather certain that he would rapidly develop into a better than average investigator.

A character and fitness investigation was conducted and a brief was submitted on October 2, 1933. He has been recommended for appointment.

U. S. Department of Justice,
900 Ezra Thompson Building,
Salt Lake City, Utah.

Dear Sir:

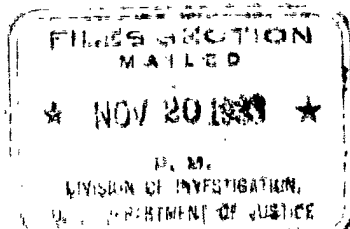

This is to advise you that Special Agent
S. J. Tracy who entered on duty **October 16, 1933**,
in Caf-8, at a salary of \$2900.00 per annum, has been
directed to report to you for assignment. You should
advise the date of his arrival.

You are instructed to continue the training
of the Agent so that he may receive experience in all
branches of the work of the Division. In submitting
special efficiency reports, in accordance with the
provisions of the Manual of Rules and Regulations, you
should include statements as to the kind of cases on
which the employee has been engaged, his ability or
lack thereof in any certain phase of the work, and
particularly his ability to perform more involved in-
vestigations, such as bankruptcy.

Very truly yours,

Director.

L. J. Rauber	88	88	100	276 Expert

The timed fire required the firing of 10 shots in 40 seconds and the rapid fire required the firing of 10 shots in 20 seconds at a silhouette figure. The grades and results shown are those recorded by the Police Department and furnished to Special Agent Rauber who was in charge of the group at this practice test. All the firing was done at a distance of 45 feet from the target.

Special Agent Rauber also has recorded the results of his own test in this regard and this information is likewise being furnished as a matter of record for the Division.

Very truly yours,

H. H. Clegg.

MEMORANDUM FOR THE DIRECTOR.

Reference is made to the attached report submitted by the Trainee Special Agent, S. J. Tracy, covering an interview with me at my home last evening regarding the supposed application of one T. D. Cavanaugh of Hartford, Connecticut.

This employee makes a good appearance and engages easily in conversation. He appeared, however, to treat the entire interview somewhat casually and did not, in my opinion, follow up conversational leads through which he might have obtained additional information concerning his applicant. He impressed me as being very intelligent and will possibly overcome the above stated deficiency with experience. He conducted the entire interview without having to make reference to any notes, nor did he take any notes of the information furnished. Yet, an examination of the report which he submitted indicates the same to be quite complete and fairly accurate, considering the absence of any assistance in the nature of notes. One error is noted in that the Special Agent was informed the applicant took the District Bar examination during his Junior year at law school and not after his graduation, as reported. It will be noted the Special Agent made no inquiry as to the name or location of the preparatory school which both the applicant and I attended together supposedly.

It is also believed he might have gone into greater detail regarding the character, ability and qualifications of the applicant, especially in view of the fact he was informed that I had known the applicant for approximately 16 years.

Respectfully,

E. P. Coffey

Based upon his close personal contact with the applicant for the past several years, Mr. Coffey recommended him highly; that he was a good student in school; that he was unquestionably honest and reliable; a very decent and clean living man; does not use intoxicating beverages and did not use them while in school, except to take a drink "now and then as fellows will in school"; good appearance; has never been involved in any scandal; has never been arrested or been in jail; was not married while in Washington, D. C.

Mr. Coffey further stated that he does not know of any relatives of the applicant or any close personal friends who might be contacted in Washington, D. C. relative to securing further information concerning the applicant. That, he, Mr. Coffey, has not been in personal contact with the applicant for the past two years; that for the past two years the applicant has been employed by the Travelers Insurance Company at Hartford, Connecticut; that he did hear that the applicant was quietly married recently, that he understood it was a secret marriage at the time and that the applicant's wife was rather young. Of this however, Mr. Coffey stated he had no personal knowledge.

In view of the fact that the letter referred to in the Reference of this report, requesting that Mr. Coffey be interviewed, stated that the entire investigation, with the exception of this interview, is being handled by other Field Offices of the Division, no effort was made to secure the records of Georgetown University Law School relating to the applicant, nor to investigate relative to his being a member of the bar in this District, nor as to his industrial history and employment or reputation in the places of his employment or residence.

No undeveloped lead is being furnished the Boston Office relative to applicant's employment in Hartford, Conn., the past two years as the investigation there will disclose same.

Washington, D. C.

Dear Sir:

Due to present plans to begin a new school for Special Agents at a very early date and due to the volume of work now pending in the Washington Field Office, I desire to authorize you to make use of the services of one of the Special Agents now attending the training school for the purpose of completing the investigation of an applicant for a position as Special Agent.

Mr. T. D. Cavanaugh, 1622 Ann Street, Hartford, Conn., is an applicant for the position of Special Agent. He has listed as one of his references Mr. E. P. Coffey, 602 Somerset Place, N. W., Washington, D. C. The entire investigation, with the exception of this interview, is being handled by other Field Offices of the Division, and it is desired that you assign one of the members of the training school to interview Mr. Coffey for the purpose of ascertaining his views concerning the qualifications of the applicant. New York is the office of origin in this case.

Due to the fact that the Special Agent handling this assignment will be one of limited experience in the Division's work, he should be informed that the investigation is of a strictly confidential character and he is not to discuss the fact that he is making this investigation with either members of his own family or of the present training school class of which he is a member. It is desired, however, that this matter be given prompt attention.

On the afternoon of November 20, 1933, Special Agent Stanley J. Tracy interviewed me as the owner of a Marmon Sedan, motor #T-1442, allegedly stolen on June 27, 1933.

Agent Tracy properly identified himself and conducted the interview in an impressive manner, stating his questions clearly and in good sequence. There appears, however, to be a few errors of omission and commission reflected in his report covering this interview.

Agent Tracy failed to set forth the "reference report of Special Agent J. L. Kensington, dated at San Antonio, Texas, July 7, 1933". In the first paragraph on the second page he reports that I have received a sum of \$500 from the Accident Insurance Company of Hartford, Connecticut, whereas I informed the Agent that I had received the sum of \$365, although I held a \$500 policy on the car. The Agent also failed to secure the serial number of the car, although this information was contained in the report of reference and in this instance I think should have been sought and reported.

Under the undeveloped lead set out for the Washington field office, I believe that it would have been advisable to verify the theft of instant car by checking the records of the local police department.

TITLE MARTIN A. BURKE alias JAMES O'DONNELL			CHARACTER OF CASE NATIONAL MOTOR VEHICLE THEFT ACT

SYNOPSIS OF FACTS:

R. E. Newby, 1628 Shepard Street, Washington, D. C., owner of Marmon Sedan stolen Washington D. C. June 27, 1933 between 8 & 11 pm. Can identify car from motor No. T1442. Insurance of \$500 paid owner by Accident Insurance Company of Hartford, Conn.

Details:

R. E. Newby, 1628 Shepard Street, N. W. Washington, an employee of the Division of Investigation, U. S. Department of Justice, advised that on June 27, 1933 his Marmon Sedan, motor No. T1442 and bearing District of Columbia license plates for 1933, No. 7941, was stolen from the place where he parked it on E Street, near the corner of 13th and E Streets N. W., north side of street, Washington D. C. That he recalls the date clearly because it was the evening of his wedding anniversary. That he parked the car about 8 pm, attended the Leona Palace moving picture theatre, until about 11 pm, had refreshments after the show and returned for his car approximately 11 pm, and discovered that it was gone. That it was a 1928 Marmon Sedan, purchased second hand by him from the Parkway Motor Company, 35th and M Streets N. W. Washington, D. C. in 1929. The body had been repainted but not the fenders. The color of the body was black with red pin stripe. When stolen it had one new Firestone tire on the left rear wheel, the other tires being well worn and of an unknown make. It has one fender well on the left side. The upholstery was corduroy and no accessories were on the car.

The car was insured with the Accident Insurance Company of Hartford Conn., thru their local office at 14th and H Streets, N.W., Washington, D. C. in the Maryland Building, Mr. Robert T. Snook local agent. The policy was in the sum of \$500, and has been paid to Mr. Newby, the insurance company advising that they would dispose of the car by sale in New Mexico or other convenient place.

Title and registration certificate was given to the insurance company by Mr. Newby in connection with the payment of the insurance policy. The bill of sale was likewise given to them. However prior to surrendering the papers just referred to Mr. Newby copied off the motor number and title registration number. Motor No. T1442 and title number 6A-3462. He recalls comparing the Motor number at the time of purchasing the car, with the number contained on the bill of sale and title number.

Immediately after the theft of the car, Mr. Newby advises he at once called No. 1 Police precinct, reporting the theft of the car to Captain Rhodes who referred him to Sergeant Bailey of the Auto Theft Squad. The insurance company was notified thru Mr. T. F. Snook local representative.

Mr. Newby was advised that he would probably be subpoenaed to identify the car.

UNDEVELOPED LEAD

WASHINGTON FIELD OFFICE will contact Mr. T. F. Snook, local representative of the Accident Insurance Company, Maryland Building, 14th and H Streets, Washington, D. C., relative to the present whereabouts of the bill of sale, title and registration certificate of the car submitted to his company by Mr. Newby, in order that the same may be secured to prove Mr. Newby's title to the car at time of theft.

MEMORANDUM FOR MR. CLEGG.

Re: Instruction in the Use of Firearms
to Trainees of present Training School.

The following is a list of Special Agents (Trainees) attending the present school who received instruction in firing the .38 caliber Colt Regulation Division Pistol on November 15, 1933 at Fort George G. Meade, Maryland:

67-0-2998

	<u>SLOW FIRE</u>		<u>RAPID FIRE</u>		<u>AVERAGE</u>	<u>ROBBING TARGET</u>	
	<u>15 yds.</u>	<u>25 yds.</u>	<u>15 yds.</u>	<u>25 yds.</u>		<u>15 yds.</u>	<u>25 yds.</u>
Abbottichie	58	58	58	58	58	9	4
Austin	80	73	72	67	74	5	2
Birch	90	58	61	35	60	7	6
Clayton	55	72	77	57	68	6	4
Donagan	70	45	52	42	55	6	4
Fertenberry	57	54	54	50	56	8	2
Jordan	42	35	62	20	39	2	0
Littlehales	90	66	55	70	77	10	10

Each of the above named Trainees fired the regulation course of the .30 caliber Springfield Rifle and each of them fired 5 shots with the 12-gauge automatic shotgun and from 20 to 30 shots each with the Thompson Sub-Machine Gun. The firing of the shotgun and machine gun was at approximately 50 yards at a silhouette target. This instruction enabled each man to see how effective these weapons really are.

Due to the inclement weather on the morning of November 14, 1933 Special Agents (Trainees) McCarraghy, Melancon, Rosen, Scott, Sirano, Sowell and Tracy were prevented from having an opportunity to qualify with the pistol, nor were they able to receive instruction in firing the regulation course with the .30 caliber Springfield Rifle; however, each of them fired 5 shots with the 12-gauge automatic shotgun and from 20 to 30

13

shots each with the Thompson Sub-Machine Gun at a distance of approximately 50 yards, each man firing at a silhouette target in the same manner as above described.

It is suggested that probably arrangements can be made for the last named group of Trainees, together with Special Agent (Trainees) Abbaticchio, Donegan and Jordan, who failed to qualify, to have an opportunity to qualify on the Metropolitan Police Department Pistol Range either after 3 p.m. or at night during the week beginning November 20, 1938.

It is respectfully requested that the writer be advised concerning the wishes of the Division in this respect.

MEMORANDUM FOR THE DIRECTOR

R. J. Abbaticchio, Jr.; legal residence Fairmont, West Virginia; office preference, none. This Agent is above average in intelligence, possesses positiveness, force, quite a bit of common sense, is adaptable and suitable for assignment in most any type of territory.

Robert M. Austin; legal residence Washington, D. C.; office preference, none. This Agent is not a lawyer, and is thereby handicapped. However, he is intelligent, of excellent personal appearance and personality, but due to his lack of legal knowledge would recommend him for small office where he may have opportunity to receive careful guidance and training.

Tyler M. Birch; legal residence Cheverly, Maryland; office preference, none; average mental qualifications; no better than average personal qualifications, but should work well in a rough and tumble district; appears suitable for southwestern assignment; not a lawyer.

Henry F. Clayton, Special Agent (A); legal residence Lynn, Massachusetts; office preference, Philadelphia or Boston; rather shy and retiring; not above average ability; would recommend small eastern office.

Thomas J. Donegan; legal residence New York City; office preference, New York or northeastern United States; just above average qualifications, but quite a bit of positiveness; not outstanding; recommend mid-western assignment.

R. L. Fortanburry; legal residence Oak Vale, Mississippi; office preference, west; should make a good Special Agent of determination; will fit in in the south or west; also is physically capable and good student.

Henry G. Tracy

-2-

Daniel M. Jordan; legal residence New York City; office preference, east; a former field examiner; above average mental qualifications; will need confidence; recommend small rural office.

G. R. Littlehales; legal residence Washington, D. C.; office preference, Washington, Philadelphia or New York; excellent mental qualifications, good personal qualifications, resourceful, tactful, versatile; satisfactory for eastern or southern assignments even in larger offices.

F. I. McGarraghy; legal residence Washington, D. C.; office preference, New York, Philadelphia or Boston; good mentality; a little shy; will work hard; more adaptable to the east or southwest; needs more confidence.

Arthur McLawhon, Jr.; Norfolk, Virginia; office preference, none; intelligent, good personal qualifications, adaptable; should fit in equally well in any type of office.

Alex Rosen; legal residence Cleveland Heights, Ohio; office preference, none; intelligent, determined, will make a good Agent, rather resourceful; better suited for north or east.

N. O. Scott; legal residence Lynchburg, Virginia; office preference, none; average intelligence; adaptable, determined, hard working, interested, recommend any office except New York or Chicago; also recommend he not be assigned near home.

W. M. Sirene; legal residence Milaca, Minnesota; office preference, Jacksonville, Florida. An Agent of average capabilities; should be satisfactory in south or far west.

P. T. Sowell, Special Agent (A); experienced; already assigned at Washington.

S. J. Tracy; legal residence Salt Lake City; office preference, none; good mental qualities; will develop into good Agent with inclinations to become academic and technical; recommend rural assignment with lots of work to prevent becoming too technical. He has requested that if possible he be assigned first to Salt Lake City

Dear Sir:

There is transmitted herewith the vocation and avocation record of Special Agent Stanley J. Tracy who recently reported to your office for assignment.

You are advised that Agent Tracy received a grade of 88% in pistol practice while attending the training school which qualifies him as an Expert.

Agent Tracy has received appropriate instruction in the handling of the rifle, the automatic shot gun, and the sub-machine gun.

MEMORANDUM FOR THE DIRECTOR.

I beg to submit the following report relative to the progress made by the Special Agents recently assigned here for the fingerprinting class. At the conclusion of the instruction course these Agents were given the examination in which the passing grade should be considered an 85. The grades attained were as follows:

1. J. Alabachian, Jr.	85	5. I. Hollingsworth	85
2. E. Austin	84.5	6. J. Dean	85
3. L. Fortenberry	85	7. E. Birch	87.5
4. T. Littlejohn	85	8. J. Jones	85
5. Robinson	85	9. E. Smith	85
6. F. Clagnum	87.5	10. T. Small	85
7. J. Deagan	87.5	11. G. Scott	85
8. E. Jensen	85		

I believe that, generally speaking, the grades reflect the progress of each of these students. I am commenting here, however, on those who have individually and have advanced the list according to my appraisal of their intelligence, adaptability, alertness and aggressiveness:

1. E. AUSTIN: I think this man is very intelligent. However, he seems to be a little over-confident.

2. E. LITTLEJOHN: Made very good progress and I believe is above the average.

3. J. ALABACHIAN: Also made excellent progress in fingerprint work; seems to be a little timid but should develop fluently.

4. ROBINSON: Seems to be alert and applied himself diligently. His eyes appeared to betray him when engaged on class work.

5. L. FORTENBERRY: Applied himself very "strenuously" to this fingerprint course and despite rather unusual difficulties attained a very good mark.

6. I. HOLLINGSWORTH: I do not believe the grade of this Agent reflects his true capabilities. I am inclined to feel he should be rated somewhat higher, compared with the other members of the class.

7. T. SMALL: Attained a grade of 87.5. I think this Agent is bright, but I rather gained the impression that he would be somewhat lazy.

67-28424-40

Director,

-2-

12-22-46

I think that H. E. LITTON, ABE BROWN and A. E. BROWN will develop into agents of average ability.

T. E. SMITH: Almost unable to master the fingerprint course, although he applied himself very well. He impressed me as being a plodder and I think would work unusually hard.

C. J. TRACY: In my opinion, this agent will not develop favorably. I am rather inclined to think that he lacks balance.

A. E. BROWN: I had thought that this agent had made better progress in his course. I do not believe he is very aggressive.

P. E. LITTON: Almost unable to acquire a knowledge of the fingerprint work. I think that he will experience considerable difficulty in acquiring a knowledge of matters with which he is entirely unfamiliar, as he does not seem to absorb information.

H. E. SMITH: I think the grade of 10 obtained by this agent accurately reflects his ability to grasp the information which I endeavored to impart to him and which I stressed most carefully in his case through more individual instruction than that given any other member of the class. However, in his test he failed to classify properly any one of five cards given to him and indicated an utter lack of even the elementary principles of fingerprint classification.

RE: STANLEY J. TRACY
SPECIAL AGENT

Dear Sir:

The following is a report concerning the above named employee who completed the course of training in the Division's Training School on November 25, 1933.

Legal Residence: Salt Lake City.
Office Preference: None.

Assigned to: Salt Lake City.

Education: LL.B. George Washington University.

Previous Valuable Experience: 1 1/3 years Examiner Veterans Bureau; 6 years clerk and Special Agent and economist, Labor Department; 1 1/2 years lawyer.

Training School Work:

may indicate laziness or perhaps a desire to impress himself upon others as being more profound than the facts would justify. He digs in after the solutions to intricate problems, and he may develop tendencies occasionally of thinking entirely too well of his own ability. He has a good mentality. On the question of tact, the observation was made that soon after Dr. Souder delivered his lecture at the Identification Unit on firearms identification, this employee talked to Dr. Souder and indicated that he enjoyed the talk, but that it being after luncheon, no doubt, most of the class got sleepy, which certainly was an uncalled for remark, and not designed to be pleasing at least to Dr. Souder, whose lectures ordinarily are found very satisfactory. This employee, however, I believe has the necessary ability to develop into a good Special Agent with no better than a fair likelihood of development administratively.

Very truly yours,

H. H. Clegg.

Personnel Matter
S.L. File 67-268

Dear Sir:

The above-named reported to this office for general assignment on November 23, 1933, and completed thirty days service on December 30, 1933. During that time he has conducted investigations in classes 17, 26, 31, 52 and 82.

During that period he has manifested a very good knowledge of all the duties of his position, demonstrated an ability to analyze the matters assigned to him and applied intelligence and comprehension to them. He has required very little supervision and I believe that he is able to undertake practically any type of investigation without instruction except in matters of policy. He has not found it necessary, from an investigative viewpoint, to seek advice as to investigative procedure and I believe he is capable of making his investigations on his own initiative.

He has shown very fine judgment and an ability to think clearly and arrive at logical conclusions. He impresses me as being tactful and diplomatic, skillful in planning his inquiry, and thorough in covering the essentials of each investigation. He has shown marked initiative and has begun the needed work and taken the appropriate action on his own responsibility.

While not animating aggressiveness, insofar as outward signs and mannerisms are concerned, he has shown himself to be aggressive in performing his work and has conducted his investigations with vigor and resolution.

During the period he has been here he has been industrious, physically and mentally well, energetic and has applied himself to his work assiduously. He has been attentive to details, precise, thorough and in general outstandingly accurate.

He is of good personal appearance though small in stature, is neat and wholesome, quiet, orderly, possesses a good personality, is studious in bearing and speaks and acts as does the well-trained and educated man. His paper work has been particularly good. He dictates well, knows what to say and how to say it, marshals his facts in intelligent and chronological arraignment, is a good grammarian and possesses the faculty of knowing what should and what should not be placed in a report from an evidentiary standpoint.

He has shown a splendid attitude toward his work, has been attentive to his duties, loyal, dependable, punctual and has never been guilty of any conduct or impropriety warranting disciplinary action.

This Agent is well grounded in the law, has a good basic education, has had considerable investigative experience in Governmental work of various kinds, has had considerable travel and has performed work requiring the mapping out of his own program of procedure. He possesses vision and knows what should be done when confronted with a problem. Although the quiet type, I believe that he possesses some executive capacity.

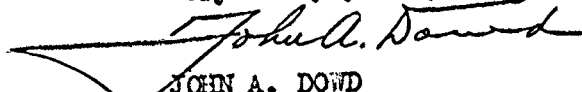

Prior to his entering the service of the Division he was in the employ of the Veterans Administration and does particularly excellent work in the investigation of War Risk Insurance matters.

This Agent is taking the Division's accounting course, uses a typewriter and has the rating of sharpshooter in marksmanship.

He has not testified in any court cases to my personal knowledge.

In conclusion it is my opinion that this Agent is the best "new" man ever to come under my supervision in the Division.

DIVISION	LOCATION
FEB 12 1934 A.M.	
U. S. DEPT. OF JUSTICE	
TOLSON	FILE

Special Agent Stanley Tracy completed thirty days service at the San Francisco Office February 6, 1934. During his stay here he has conducted investigations in classes 15, 26, 31, 47, 52, and 82. He is also working a violation of the Home Loan Corporation Act. He is progressing very nicely, and his work generally for the past thirty days has been exceptionally good for a comparatively new man. His past employment with the Department of Labor and the Veterans Administration has, no doubt, been of material benefit to him in his present position. Having traveled extensively, he has broadened to the extent that he makes a favorable impression.

Knowing Agent Tracy as I have for the past twelve years, I can state he was well grounded for work in the Division prior to his entrance, for he is substantial in every respect. His investigations have been thorough and complete, but at times he has placed in his reports some redundant matter, which could have been eliminated. His dictation is up to standard. Reports from this Agent indicate he is very attentive to details, and no errors of form have been noted. He is meticulous and painstaking in all that he does, approaching his assignments with great deliberation and care. He is resourceful, and is able to apply his native intelligence. His work generally has required little supervision.

In one White Slave Traffic Act case, which he handled, in interrogating the Victim, who was living at the same place as the Subject, in the presence of a Deputy Sheriff, he permitted the Subject to keep walking in and out of the room, and finally Subject told him he and the Victim would make an appointment with the Assistant United States Attorney, and in the presence of their own attorney, would go over the full facts in this case, which Agent Tracy agreed to. If Agent Tracy had taken Subject and Victim to the Sheriff's Office, he could have then and there secured complete information from them, presented the facts to the United States Attorney, and ended the case. As it was, he permitted the Subject to cause some delay.

Director--2.

In another instance, he called my attention to the fact that the Grand Jury was to meet at Sacramento on a certain date, and wanted to know if he should not write to a certain railroad special agent, who is now at Seattle, but who worked this case with Special Agent Tracy, and advise him to be present at Sacramento on the date indicated, and, of course, I called his attention to the fact that this was not within our province.

However, he has started several new cases during his stay here, and his reports have been very good. Unusual care has been exercised by Tracy to make certain every essential has been covered during any investigation handled by him. As reflected in Salt Lake City letter of December 30th on this Agent, he does not impress one as being particularly aggressive. In the field on road trips, he applies himself industriously, but to me it appears he takes as much time in his investigations as any other Agent. He has not impressed me as being possessed of unusual speed, snap, vigor, or resolution.

In ordinary conversation he is very deliberate, choosing his words with an exactitude which causes too much delay in getting to the thought he is trying to express. In other words, I know by the time he is half way through a sentence just what the sentence will be. In this respect, he is almost deliberate to the extreme.

His judgment and logic are good. He has been attentive to duty, loyal and dependable. When new cases have arisen in the field he has exhibited knowledge and foresight, handling these investigations without assistance from anyone else. I believe he possesses a real keen analytical mind, and that he is above the average in intelligence.

Referring particularly to Division letter of January 20th, concerning the prospects of Agent Tracy for development in a supervisory position, I desire to state that to date it has not been possible to assign him work which will give him executive experience, although this will be done at the earliest possible date. There is no question in my mind but that he does possess executive ability, because of his close attention to details, his general demeanor, and his calm, deliberate disposition. I am fearful, though, without some further training in the field, he would find difficulty in differentiating between the important and unimportant, and that he would so engross himself in details, that he would soon be swamped. This, of course, can be, and will be eliminated by proper training.

His personality is fair. I do believe that any Agent who was up on his toes, and "rearing to go", would at times become rather exasperated if he were to listen to a long detailed dissertation from Agent Tracy.

Director--3.

Frankly, at times he does not think rapidly enough to make a real leader. He fails to exhibit an exuberance and enthusiasm, that, in my mind, is essential in a supervisory position. However, to offset this, one could rest assured no detail would escape him, for, as stated above, he does have an analytical mind. His deportment has been above reproach, his application steady. Without further training, he lacks that vital spark which distinguishes the studious, prolific type from one with the same prerequisites, but also possessing executive ability. However, he is splendid material, and should develop within a reasonably short time to a point where he can be utilized to advantage in a supervisory capacity. The criticisms I have noted are not serious, and can be rectified by proper training.

Respectfully,

R. E. Vetterli.

Dear Sir:

Please be advised that on Saturday, January 20, 1934, all employees of the San Francisco Division Office, with the exception of Special Agent H. R. Philbrick, were carefully instructed in machine gun firing, and the handling of the gun, and various forms of gas, and gas equipment, by Mr. Joe Rousch, of the Federal Laboratories.

His instructions were most interesting and educational.

Special Agent Philbrick will be given the necessary training at the earliest possible date.

OF THE ACT APPROVED MARCH 20, 1933.**

Department of Justice Position No. 3924
 Bureau or Office: Division of Investigation
 Position: 1 - Caf 9 Special Agent position
 Compensation: \$3200 per annum
 Location: Field Service
 Appropriation: "Salaries and Expenses, Division of Investigation", FIELD
 Date of Vacancy: 3-16-34
 Justification:

This Special Agent, Grade Caf 8, \$2900 per annum, is being transferred after special training and trial to Grade Caf 9, \$3200 per annum, to fill a vacancy created by the transfer of an employee on March 16, 1934. It is necessary that the vacancy thus created be filled. The duties of the new assignment are of a more difficult type and require a complete understanding of the principles and problems involved in certain of the more complex investigative cases handled by the Division. The Agent is charged with securing evidence to be used in the prosecution in the Federal Courts of violators of the Federal Statutes. Because of this assignment, which represents a change and increase of duties, the approval of this transfer effective March 16, 1934, to fill the above mentioned vacancy is requested.

S. J. Tracy

The last incumbent of this position was Mr. W. R. Glavin who has been transferred effective March 16, 1934. His salary at the time of transfer was \$3200 per annum.

I certify that the filling of the above vacant position is absolutely essential in the public interest and that funds will be available for the payment of the salary of this position under the expenditure limitations for the fiscal year 1934. Approval is recommended.

REMARKS

Inspector Quinn reports that Mr. Tracy as supervisor in the Chief Clerk's Office has displayed a keen analytical mind, a splendid spirit, is absolutely loyal and dependable, work requires very little supervision, possesses a good sense of relative values, has good judgment, arrives at logical conclusions, is tactful and diplomatic, but somewhat shy. He states that Mr. Tracy is aggressive, eager to learn, voluntarily performs much overtime work, is inclined at times to lean towards technicalities, being a deep thinker, with the consequent result that he is a trifle slow, caused by being deliberate. Mr. Quinn feels that with experience Mr. Tracy will be a most valuable employee. He thinks that he would require considerable more training and experience before being considered capable of leading others.

Mr. Quinn recommends reallocation.

(over)

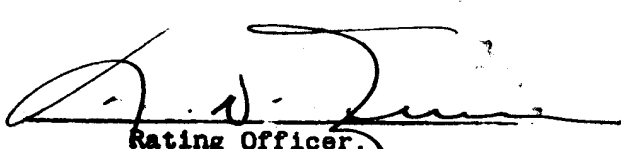

In arriving at the above rating for an employee, consider each of the ten qualifications separately. In the column headed "Grade" give a separate rating between 0 and 100% for each qualification, as explained at the beginning of the sheet under definitions of Inferior, Unsatisfactory, Fair, Good, and Excellent. Then multiply each separate grade given in each separate qualification by the respective number indicated in the column headed "Relative Weight." Extend the figure obtained for each separate qualification into the column headed "Total." Add all the figures in the column headed "Total" and divide this sum by 20 to arrive at the final rating.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Mr. Tracy assumed his duties as supervisor in the Chief Clerk's office on February 28, 1934, during which time he has been assigned the following work - supervising applicant investigations, employees' compensation matters, avocation and vocation records, movement books, and test papers. He has a keen analytical mind, displays a splendid spirit and is absolutely loyal and dependable. His work has required very little supervision; he possesses a good sense of relative values; good judgment; ability to think clearly and arrive at logical conclusions. He appears to be tactful, diplomatic, but somewhat shy. In other words, he is a hard individual to get close to but I believe with time that this fault will be readily overcome. He is aggressive, eager to learn and desires to please and has put in voluntarily much overtime in order that the work in the Chief Clerk's office might be dispatched without delay. From all indications he possesses a good basic education and is inclined at times to lean towards technicalities, being a deep thinker, with the consequent result that he is a trifle slow, caused by being deliberate. I consider Mr. Tracy an asset to the Chief Clerk's office and with more experience I believe there will be no question but that he will be considered a most valuable employee. There is no doubt but what Mr. Tracy has the proper background to make a good supervisor but I believe that it will require considerable more training and experience before he would be considered one capable of leading others. I believe that his work has been such that it warrants a promotion in grade and an increase in salary and I, therefore, recommend same.

If deficiencies or disqualifications have been noted under "Remarks," have you brought them to the attention of the employee prior to the rendition of this rating? _____

Rating Officer.

JUSTIFICATION FOR FILLING VACANCY UNDER AUTHORITY
OF THE ACT APPROVED MARCH 20, 1933.

Department of Justice

Position No. 4668

Bureau or Office: Division of Investigation

Position: 1 - Caf 10 Special Agent position

Compensation: \$3500 per annum

Location: Field Service

Appropriations: "Salaries and Expenses, Division of Investigation", FIELD

Date of Vacancy: 5-14-34

Justification: This Special Agent, Grade Caf 9, \$3200 per annum, is being transferred, after special training and trial, to Grade Caf 10, \$3500 per annum, to fill a vacancy created by the resignation of an employee effective May 14, 1934. The duties of the new assignment necessitate making exceptionally difficult and important investigations in conspiracy and fraud cases of all kinds and in performing investigations in technical cases of great complexity and importance including violations of the National Bank, Federal Reserve, Bankruptcy and Federal Extortion Acts and also the Anti-Trust and Federal Kidnaping statutes. The work is exacting and requires that very careful investigative attention be given to secure evidence to be used in prosecuting violators of the above Federal statutes. It is therefore requested that this transfer to fill the above mentioned vacancy be approved effective May 16, 1934, inasmuch as the assignment constitutes a new position.

Stanley J. Tracy

The last incumbent of this position was Mr. L. J. Rauber (justification #2977) who resigned effective May 14, 1934. His salary at the time of resignation was \$3500 per annum.

I certify that the filling of the above vacant position is absolutely essential in the public interest and that funds will be available for the payment of the salary of this position under the expenditure limitations for the fiscal year 1934. Approval is recommended.

J. E. Hoover
Director.

MEMORANDUM FOR MR. TOLSON

I have been informed by Mr. Baughman that you request a memorandum as to my presence at the pistol range on Saturday December 29, 1935.

Please be informed that I understood from Division memorandum of Dec. 22nd that the pistol range was locked and that keys were in possession of Mr. Baughman and accordingly when I received a telephone call from the pistol range on Saturday afternoon I presumed the range was open and called Agent Douglas in the Chief Clerk's office and suggested that we go down.

Upon our arrival we found the range deserted however decided to try it. Mr. Baughman arrived with others about 3 minutes later. Mr. Baughman had previously called the Chief Clerk's office relative to pistol practice and gun assembly practice and Mr. Douglas assumed Mr. Baughman would have been there by the time we arrived.

The instructions in memo of Dec. 22nd will be strictly complied with in the future.

In-as-much as Agent Douglass went down to the range at my suggestion I have advised him that I would submit the memorandum for the two of us.

REMARKS

Mr. Quinn reports that Mr. Tracy is now assigned to the Director's suite, performing the duties of Office Manager; that he is rapidly acquiring the duties that are expected of him; that he presents a good appearance, has a pleasing personality; that at times he is inclined to get all wrapped up in details. He has a good sense of relative values, is loyal, amenable to discipline and has the best interest of the Division at heart, pointing out that he is more of the student type and leans toward technicalities, with the result that he is rather slow and deliberate; that he considers him a good detail man, but doubts his ability to direct the activities of others; that he would consider him a valuable employee.

INSTRUCTIONS TO EMPLOYEES
REMARKS TO EMPLOYEES

In arriving at the above rating for an employee, consider each of the ten qualifications separately. In the column headed "Grade" give a separate rating between 0 and 100% for each qualification, as explained at the beginning of the sheet under definitions of Inferior, Unsatisfactory, Fair, Good, and Excellent. Then multiply each separate grade given in each separate qualification by the respective number indicated in the column headed "Relative Weight." Extend the figure obtained for each separate qualification into the column headed "Total." Add all the figures in the column headed "Total" and divide this sum by 20 to arrive at the final rating.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Mr. Tracy is now performing the duties of Office Manager in the Director's suite and I believe is rapidly improving in acquiring the duties that are expected of him. Mr. Tracy presents a good appearance, has a pleasing personality, has a tendency at times to get all wrapped up in details.

He has fairly sound judgment, good sense of relative values, is loyal, amenable to discipline and is putting forth his best efforts in the interest of the Division. He is more of the student type and leans towards technicalities, with the result at times he is rather slow and deliberate.

I consider him a good detail man, but doubt whether he has any outstanding ability to direct and lead others. All in all, I consider him above the average employee and would rate him as a valuable employee.

If deficiencies or disqualifications have been noted under "Remarks," have you brought them to the attention of the employee prior to the rendition of this rating? _____

Director,
Division of Investigation,
U. S. Department of Justice,
Washington, D. C.

Dear Sir:

I am in favor of the adoption of the plan suggested by you for the establishment of a fund to be paid to the widow or designated beneficiary of any Special Agent of the Division of Investigation, United States Department of Justice, who may lose his life by violence in line of official duty, and am forwarding herewith (~~CHECK - ORDER - DRAFT~~ *Cash*) in the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Division, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Division will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Division in pertinent matters. The Chief Clerk of said Division shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. In the event of a finding that the death was by violence in line of official duty, appropriate instructions will be issued to the Chief Clerk, directing him to pay to the designated beneficiary the full amount of said fund as of the date of death.

It is further understood that I will contribute the sum of ten dollars (\$10.00) from time to time, as the need for such a fund may arise.

The following person is hereby designated as my beneficiary:

Name Mrs. Margaret Q. Tracy Address 801 Butternut Street N.W.

MEMORANDUM FOR THE DIRECTOR

Re: Correspondence at the Seat of Government.

It is recommended:

1. That all regular mail at the Seat of Government prepared on any one day be dated as of the following day.
2. That all special mail dated the same day as prepared must be in the office of the Director not later than 4:00 p.m., emergency matters only accepted.
3. All telegrams prepared must be in the Director's office not later than 5:00 P.M., emergency matters only accepted.

Under the present procedure, although regular mail is supposed to be in the Director's office not later than 2:30 p.m., up to 100 pieces of mail a day come in after that hour, and in view of the fact that all units at the Seat of Government are working overtime and are delinquent, such mail has not been returned for redating.

The Assistant Directors are being constantly interrupted in their work, which interruptions cause a delay in the reviewing of mail by those officials, and each such delay places an additional burden upon the employees in the office of the Director.

I do not believe the foregoing suggestions will of themselves solve the problem of excessive and continued overtime on the part of employees in the Director's office or in any other office. The only logical solution appears to be a sorely needed administrative reorganization.

If the foregoing suggestions are placed into effect it will enable mail to be on the Director's desk for signature prior to the late afternoon, as is now the case. It will also enable the review of the mail in the Director's office to begin promptly at 9 o'clock in the morning rather than at 10, 10:30 and 11 o'clock in the morning, as is now the case.

Respectfully,

S. J. Tracy.

MEMORANDUM FOR MR. TOLSON

RE: Supervisor's Manual

It is suggested that Paragraph 4, Page 3, of the attached "Instructions for Supervisors" shall be amended to read as follows:

"Interviews and telephone conversations relating to the work of the Bureau shall be covered by a memorandum addressed to the Assistant Director charged with the supervision of the subject matter, from the individual supervisor, immediately after the said interview or conversation takes place."

The Director has on numerous occasions in the past issued instructions that telephone call and visitor memorandums must be prepared immediately and not at the close of the business day for the reason that such matters as should come to his attention must be handled in the most expeditious manner.

At the bottom of Page 2, it is believed that the last two sentences of the Paragraph "Veterans Administration matters" should be separate paragraphs.

With reference to your memorandum of July 5th to members of the Executive Conference concerning matters of Bureau policy and the attitude of the various members in regard thereto, please be advised that I have no objections to any existing policy of the Bureau. At such times as I feel any existing policy should be altered or changed I shall make known to the Executive Conference or to the Director my opinions in regard thereto and reasons therefore.

I desire to call the attention to the Director that during the course of discussion in the Executive Conference, many views are expressed and objections made that are not recorded in the final memorandum to the Director; that the reason therefore is that the persons expressing the views and making the objections have had brought to their attention other and more important views and arguments that causes their own opinions to change. A unanimous vote therefore of the conference does not necessarily mean that the matter was considered and a vote taken without due consideration and discussion.

With reference to the instance cited concerning the development of latent fingerprints the question was specifically asked of the Assistant Director in charge of the Identification Division if there was any objection to the publishing of the material contained in the memorandum which question was answered in the negative the further statement being made that it had been published in various parts of the country and in various publications and he could see no harm therein. The original memorandum was returned to be re-written in proper form for release, it being definitely understood it was to be given to a newspaper reporter.

Objections to the release of such material should have been made in the Executive Conference months ago by the officials of the Laboratory and Identification Division, however, as pointed out at the last Conference, objections made at that time were more in the nature for future policies to be followed rather than a criticism of or objections to past policies.

I am very much concerned over the report made to me by Mr. [redacted] concerning certain discussion occurring in the last meeting of the Executives' Conference. As I understand it, these discussions rose out of some information prepared in the Identification and Crime Laboratory Division concerning the development of latent fingerprints. It is my understanding that this material was forwarded to the Director's office initialed and approved by the proper officials of the Identification and Crime Laboratory Division, and with this initialing made certain of this material available to the Associated Press. I now learn that the officials of the Identification and Crime Laboratory Division were very much opposed to the releasing of any of this information for publication, but there was no indication upon the memoranda transmitted to the Director's office of any such objections.

I am further informed that as a result of this discussion certain officials of the Bureau have indicated that they have likewise been opposed to certain policies, actions and procedure of the Bureau, but they have not formally or even informally indicated their objection.

I consider this attitude to be entirely unwarranted and to be indicative of a general lack of either interest or industry upon the part of such officials. The Executives of this Bureau have been selected for the purpose, not of acting as rubber stamps, but for the purpose of contributing ideas, suggestions and criticisms to the efficient and successful operation of the Bureau. I do not believe a single Executive of this Bureau can point to an instance where I have ever objected because of opposing views, or where I have at any time, in any way, endeavored to force an Executive to change his opinions or views concerning policies in the operation of this Bureau; yet, I now learn that at least some of the Executives of the Bureau do not consider it to be their responsibility or duty to express any views on policy unless specifically asked for the same. Then I request memorandums to be prepared or signed memorandums to be checked, these are not to be checked or prepared solely for typographical errors, or for form, but the matter of policy is to be considered also. Obviously,

67-9524-195

7-5-35

if it was merely for the checking as to form and typographical errors, that could be done by a fourteen hundred-dollar clerk and we would not need five-thousand-dollar-and-over Executives to do that kind of work.

I have previously indicated my annoyance at this somewhat lackadaisical and indifferent attitude upon the part of our Executive staff, and I want to now, for the last time, make it distinctly clear and understandable to all members of the Executives' Conference that the principal function of an Executive in this Bureau is to express himself upon the policies, activities and operations of the Bureau, in addition to the handling of the detailed work incidental to his particular office. The mere fact that the Director's office asks for something to be prepared does not mean that it should be prepared by an automaton, without any expression of views as to policy or wisdom or manner of use of the material. It exasperates me considerably to have Executives manifest this kind of an attitude when I have done everything in my power to try to get them to participate actively in the operations and direction of this Bureau. As I have said, the only explanation that I can reach concerning this matter is either laziness or indifference.

In order, therefore, that there can be no misunderstanding now concerning this matter, I desire that each of the persons to whom this memorandum is being directed, submit to me immediately a memorandum setting forth any policies, procedure, activities or other forms of operation of the Bureau with which they disagree, and the reasons for their disagreement. If they do not have any objection to the various policies, et cetera, of the Bureau, then I would like to have a memorandum in writing making that statement. It seems rather silly to have to specifically request this kind of a statement from a presumably intelligent executive force, but obviously from the discussion which occurred in the last meeting of the Executives' Conference, there is a great deal of "back-passing" being indulged in, or, as I have said, indifference and laziness being manifested, and I want, and intend to have a termination to these practices.

Henceforth, each of the members of the Executives' Conference will please express himself upon all phases of a matter and not merely consider it to be his function to do the clerical work incident to the same.

Very truly yours,

John Edgar Hoover,
Director.

Dear Sir:

Allow me to express my gratitude for the gracious treatment accorded Mrs. Schonberger and me by your subordinates on our recent visit to the Bureau of Investigation. We found your Bureau extremely interesting and the explanation given us tremendously enlightening. It was a revelation to both of us. In fact, the Bureau impressed me more than anything I saw in Washington.

The treatment accorded us by Messrs. Tolson, Tracy and Hints was so courteous and considerate that it made a great impression upon us. The explanation and the interesting talk which Mr. Hints gave us made us feel how well protected the citizens of this country are. We learned from him what excellent work your men were doing and were the rest of the citizens of the country to know the methods and exhaustive work done by your Bureau they would have no qualms for their safety against the enemies of society.

Again I wish to assure you of our gratefulness to you and your associates for the courtesy accorded us and when I am again in Washington I shall avail myself of your invitation to again call on you.

Sincerely,

(S) A. E. SCHONBERGER

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund and who may lose his life by violence in line of official duty, I am forwarding herewith (~~CHECK - MONEY ORDER~~ - CASH) in the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. In the event of a finding that the death was by violence in line of official duty, appropriate instructions will be issued to the Chief Clerk, directing him to pay to the designated beneficiary the full amount of said fund as of the date of death.

The following person is hereby designated as my beneficiary:

MEMORANDUM FOR THE DIRECTOR

RE: PERSONNEL

It is recommended that every sixty days, all employees who have entered on duty during that period be called together for a lecture of one hour by a member of the Training School faculty, the subject of this lecture to be primarily the work and functions of the Bureau with particular stress being placed on the confidential nature of the work and the necessity for not revealing or discussing their daily work with members of their families, friends or fellow employees.

I do not believe that the warning and instructions given at the time new employees enter on duty are sufficient for the proper guidance, and after they have become acquainted with their duties, I believe it would be worth while to impress upon them again the confidential nature of the work.

Consideration might also be given to monthly or bimonthly meetings of the clerical personnel of the Bureau according to their grades and type of work performed.

Respectfully,

I agree thoroughly. I have always felt our employees kind of flounder around and consequently do not receive a proper idea of Bureau and its work and ideals. Someone should make it his duty to take care of this.

With reference to the error noted in efficiency report summary of November 15, 1935, you are advised I have discussed with Miss E. Caputo, who upon verification of her stenographic notes stated that the word "above" and the word "about", as written by her in Gregg shorthand, are identical characters, and that she erroneously transcribed the word as "above". This of course does not excuse the writer for failure to properly check the transcription on approving same.

MEMORANDUM FOR THE DIRECTOR.

Re: Speech Letters.

J. J. Tracy

With reference to the letters transmitting copies of your Tulsa Speech on January 13, 1936, you are advised that duplicate letters were found prepared to the following persons:

Fred L. Parker, Cleveland, Ohio.
Thomas P. Brophy, New York City.
Greek Rice, Clarksdale, Mississippi.
Cornelius Cahalane, New York City.
Mr. Erskine, Malden, Massachusetts.
Colonel Black, Columbus, Ohio.
Charles Hahn, St. Louis.
Mr. King, McAllen, Texas.
Mr. Nebergall, Des Moines, Iowa.
Kenneth Campbell, New York City.
Mr. Buzby, Philadelphia.
Opie Warner, San Francisco.

The following errors were also noted:

Miss Esch, Cleveland; succeeded by William E. Edwards.
Mr. Johannes, Minneapolis, Supt. of Police; succeeded by Frank J. Forestal.
Mr. Harold Fowler, New York City; should be "Colonel".
Laffoon no longer Governor of Kentucky.
Mr. Brophy addressed "Chief Fire Marshal"; should be "Chief, Bureau of Fire Investigation".
Mr. Rice Addressed "Attorney General"; should be "District Attorney".
Mr. Cahalane addressed "Dear Inspector"; should be "My Dear Inspector".
Mr. Parker no longer in Cleveland; now in Washington, D. C.

MEMORANDUM FOR THE DIRECTOR

Reference is made to Mr. Tracy's memorandum of January 17, 1936, addressed to you, listing some 30 alleged errors on the part of the Publications Section in mailing out approximately 1700 letters transmitting copies of your Tulsa address.

On page 2, next to the last paragraph, Mr. Tracy states "at approximately 4:20 this afternoon 28 additional letters transmitting copies of the Director's speech were received in the office of the Director. It was understood by Miss White, on making inquiry yesterday, that all speech letters had been prepared and had been submitted to the office of the Director."

It is true that Miss White was advised by the writer that the final batch of letters on the mailing list had been sent out of the Publications Section on January 15, 1936. The 28 letters referred to by Mr. Tracy were addressed to a group of Judges in Maryland and Virginia who are not and never have been on the mailing list. Authority to write these foregoing letters was secured by the writer from Mr. Quinn on January 16, 1936, in the absence of the Director from the City.

With reference to the 12 alleged errors concerning the mailing of duplicate letters, I wish to state that the mailing list is divided as follows:

1. Law Enforcement Officials
2. Foreign Law Enforcement Officials.
3. Peace Officer's Associations.
4. General
5. Press Representatives
6. Attorneys General and Governors of the States.

Often duplicate names appear on more than one of the foregoing lists and the writer is not in a position to state definitely whether they are different individuals.

One alleged duplicate is as follows:

1. Mr. Greek Rice,
District Attorney,
Clarksdale, Mississippi.

I DO WISH OUR VARIOUS OFFICIALS WOULD GET TOGETHER & TRY TO PULL TOGETHER. ALL I BELIEVE ARE LOYAL & HARD WORKING BUT THERE IS CERTAIN AMOUNT OF BICKERING WHICH SHOULDN'T EXIST. LET US CUT IT OUT & SETTLE SUCH CONTROVERSIES WITHOUT CREATING A DIPLOMATIC INCIDENT.

JEH.

ID

67-80004-26

2. Honorable Greek L. Rice,
Attorney General,
State of Mississippi,
Jackson, Mississippi.

According to the office of Senator Pat Harrison, Mr. Greek Rice and Honorable Greek L. Rice are different individuals and the name, title and address as given on the outgoing communications were correct.

It has previously been decided to revise the mailing list in this section so as to include all the names in one file, using colored cards to distinguish between the classification of individuals, but the pressure of business in your Publications Section has made it impossible to revise this file to date. Every effort will be put forth to do so at the earliest possible date and, when this is done, duplicate names will be deleted where the same city address is given, even though the street address and the official title of the individuals are different.

After thoroughly checking the 30 alleged errors listed in Mr. Tracy's memorandum the writer admits that there were a few errors made in transmitting these speech letters on the part of the Publications Section. I shall put forth every effort to prevent similar errors occurring in the future.

It is believed that Mr. Tracy's statement that the "The foregoing indicates that either the mailing list is in somewhat of a deplorable condition or that extreme carelessness exists in the preparation of letters of this type" is not only unwarranted, but unfair to those employees of this section who have been and are presently giving their best efforts for the advancement of the Bureau.

Respectfully,

R. E. Joseph.

MEMORANDUM FOR MR. TOLSON

RE: Meeting of supervisors and employees,
Sunday, April 12, 1936, to select tour
leaders and speakers for Bureau.

Supplementing memorandum of Inspector Lester to the Director dated April 13, 1936, pertaining to the foregoing meeting, information is submitted concerning the following who the writer believes would be best fitted for assignments of this nature:

S. J. TRACY

It is believed that this Agent could, with experience, render valuable service on both special tours and speaking engagements before small civic groups and schools. It is believed that he should accompany one of the older Bureau officials on several occasions before a definite assignment is given him.

It is believed by the writer that the foregoing 11 names offer the greatest possibility of development.

If you approve the afore-mentioned list, authority is requested to have these men made available for special tours and speaking engagements of the type indicated whenever their services might be requested.

Respectfully,

R. E. JOSEPH.

MEMORANDUM FOR THE DIRECTOR

Re: Presentation and substance of talks made by officials and supervisors of Bureau attending or speaking before SAC Conference - Conferences with the - Recommendations as to their speaking ability.

I think that the six best speakers from among the personnel at the Seat of Government to appear before the SAC Conference are as follows: L. C. Schilder, H. H. Clegg, Harold Nathan, R. T. Harbo, P. M. Foxworth and L. R. Pennington.

In summarizing, I believe that six of the above mentioned speakers, as indicated, are especially effective and that probably ten more officials and employees at the Seat of Government can make creditable speeches with several of them showing definite possibilities of rapid development if given sufficient opportunity.

Respectfully,

S/ W.H.D. Lester

W.H.D. Lester

NOTE: There are some excellent suggestions in this. Particularly we should develop some of the latent material of Wash. It is more than I suspected was available.

J. E. H.

D. J. Tracy

I did not hear this man talk but know from previous observation that he talks in a calm rather colorless manner but in such a way as to inspire confidence. He is especially well acquainted with the administrative functions of the Bureau and should prove effective before small groups such as church organizations. I recommend that he be designated to give talks before small groups at the present time but not before peace officers or high school groups.

Remarks:

This employee is deliberate, but an extremely hard worker. In fact, I believe that he frequently works entirely too long hours both for his own and the Bureau's good. I consider him willing, loyal, and conscientious in every respect. He develops some good ideas, but his

principal faults I consider to be too much deliberateness, occasioned in part by long hours of application, and the fact that he does not have the knack of being a salesman with outward indications of enthusiasm, which I know that he inwardly possesses.

Dear Mr. Tracy:

I have just received my copy of "The Investigator," Volume 5, No. 6, and have read with deep appreciation and emotion the open letter appearing on the editorial page. Such an expression of confidence from one's associates makes all the hard work, disappointments, and obstacles with which we are so frequently faced, fade into oblivion. More and more each day I realize the sterling character and ability of our personnel. I, for one, am happy to be a part of the organization which we all view as a "We Organization."

Please express to my associates my deepest appreciation and gratitude for this manifestation of their whole-hearted cooperation and good will.

Sincerely yours,

MEMORANDUM FOR THE DIRECTOR

Re: Reception Room - Tours.

It is suggested that as soon as available, the office previously occupied by Mr. Nathan on the Fifth Floor be utilized as a reception room for the handling of public tours.

It is believed that this room, which is the same size as the Director's Reception Room, can be made into a very attractive reception room for tourists, and that all general tours should start from this point, their first place of visit being the Director's Reception Room.

With reference to special tours, it is believed that they should be handled as heretofore, meeting in and starting directly from the Director's Reception Room.

The above suggestion is made in view of the tremendous number of visitors to the Bureau, with the resulting confusion, delay and inconvenience in properly handling visitors and others arriving at the Director's Office during tour hours, for the purpose of keeping an appointment with the Director, or on other official business.

Respectfully, 67-31222-93

MEMORANDUM FOR THE DIRECTOR

Re: Re-training School,
July 6-26, 1936.*A. J. Tracy*

With reference to the re-training school ending yesterday, July 26th, I desire to submit for the Director's information certain observations and suggestions:

The personnel of this school included 15 Special Agents (A) and 15 Special Agents, and was comprized for the main part of Agents with several years of service in the Bureau. They were all intensely interested and applied themselves assiduously throughout the entire course. I believe that the most outstanding feature of the course was the fact that these Agents were particularly impressed with the growth and progress of the Bureau during the past few years. Many comments were made on the rapid strides made by the Bureau under Mr. Hoover's direction and they all appeared proud to be members of this organization.

If no other benefits were derived, I believe the fact that the Agents themselves felt that they must be on their toes in order to keep abreast of the Bureau, amply justified the school. They were interested and attentive during all lectures and it was evident that they were striving to derive the maximum benefit while here. They were particularly impressed with the growth of the Bureau's laboratory, the Publications Section, and the firearms training.

With reference to the course, itself, the following suggestions are made:

I believe that the school should be not less than three weeks, with at least four full days at Quantico. In discussing this with Mr. Clegg he advises that a recommendation has been made and approved extending the course to three weeks.

I do not believe that the classes should be held later than 10:00 p.m., and I am informed by Mr. Clegg that in the next re-training school the evening hours will be materially shortened. It was noticeable throughout the course that those in attendance were too tired after the evening classes to review and amend notes taken during class, or to read over and refresh their memory on subjects to be given the following day. Many of those in attendance felt that they could have gotten more out of the lectures if they had had time to review and prepare in advance for the subjects to be given the following day.

With reference to individual lecturers, the following comments are made:

67-25-97

7/27/36.

Mr. Quinn Tamm's lecture on explosives was excellent as to subject matter and delivery. However, Mr. Tamm had a tendency to skip from one subject to another in such a manner as to make the taking of notes extremely difficult. I discussed with Mr. Clegg this point and suggest that Mr. Tamm re-arrange his lecture in a more logical sequence.

The lecture given by Mr. P.E. Foxworth was excellent. However, I suggest additional time be given to the subject of bank robbery, it being felt that two hours is insufficient for this important subject.

Mr. R. F. Pfafman's lecture on field office equipment was well presented. However, it is suggested that Agents be given practical experience in the use of the lock-aid tool and the picking of locks. A lecture only on this phase of the field office equipment I believe is insufficient. Agent H. A. Thompson of the St. Louis Office advised me that he had been unable to learn to use the lock-aid tool during the monthly conferences held in the St. Louis Office, and that he did not know until Mr. Pfafman's lecture that it was necessary to have the small piece of spring steel to turn the lock after the tumblers had been moved by the lock-aid tool. It was evident that others in the class had not received sufficient instruction in their field officers.

Mr. Pickering's lecture was excellent. He has improved considerably during the past year.

Mr. K. R. McIntire and Mr. J. A. Smith, Jr. delivered excellent lectures. It is suggested that additional time be allowed the subjects of extortion and kidnaping.

Mr. J. W. Vincent, Mr. R. T. Harbo, Mr. R. Chambers, and Mr. J.W. Warnes delivered excellent lectures. Mr. Warnes' and Mr. Chambers' lectures were especially good, showing evidence of being well prepared.

The crime scene search was excellent and was commented upon favorably by the Agents in the class. However, if at all possible it is suggested that smaller groups participate. Fifteen men engaged in the search of a small crime scene room results in such an over-crowded condition that the maximum benefit is not derived therefrom.

Mr. E.R. Donaldson delivered two very excellent lectures on blood tests and legal medicine. He appears to be a very capable instructor.

Mr. Pennington's lecture on accounting investigations was very good.

Mr. I. W. Conrad's lecture on sound equipment, with the subsequent practical experience in the use of sound equipment and practical telephone tap work, was outstanding and of considerable practical benefit. The Agents in the class were highly impressed with this phase of the training course and the very practical nature thereof. It is suggested that the time for this work not be reduced but rather be increased if possible.

Director.

3.

7/27/36.

The Public Health Service lecture given on July 22 from 9:00 a.m. until 3:00 p.m. I believe was of very little value. I discussed this lecture with Mr. Clegg who advised that due to the absence of Dr. Williams it was necessary for the Public Health Service to make temporary arrangements, and that further courses on first aid will be adequately taken care of. The Agents in this particular class appeared to feel that the first aid lecture was a considerable waste of time, inasmuch as the lecturers gave considerable time to such subjects as antidotes for poison ivy and poison oak, and what to do in case of snake bites by water moccasin, rattle snakes and coral snakes; treatments of burns, including sunburn, and other matters that apparently had no particular application to the work of Agents of this Bureau.

Mr. E. A. Tamm gave a particularly able review of new legislation, and it is suggested that in future re-training schools additional time be granted Mr. Tamm on this subject. The class was extremely interested and would have liked to have received further instruction with regard to any legislation, and Departmental and Bureau interpretation thereof.

Mr. Clegg, Mr. Lester and Mr. L. A. Hince impressed the class tremendously as lecturers. Extremely favorable comment was heard concerning the training school faculty and the consensus of opinion was that they are doing an excellent and thorough job. Mr. Hince's lectures on fingerprint classification and latent fingerprints were particularly well done.

Respectfully,

S. J. Tracy.

MEMORANDUM FOR THE DIRECTOR

Reference is made to memorandum of Mr. Clegg dated September 16, 1936, setting forth a record of grades made on written examination given at the monthly conference of Bureau officials and supervisors, September 10, 1936.

For record purposes and to clarify the notation opposite the writers name and under notebook grade, on Mr. Crowl's lecture, which notation is "unsatisfactory--tardy arrival", I desire to state that I was unable to report to the conference until 8:10 p.m., thereby missing the entire lecture on the subject matter of the examination hearing only the discussion of points raised by those present following the lecture.

The notebook grade was "unsatisfactory". Inasmuch as I missed the lecture, I had no notes on it.

Re: Examination - Monthly Conference
of Supervisors

As a result of the examination given during the monthly conference of Bureau officials and supervisors on August 3, 1936, the following are the grades made by those present on the written examination, which consisted of three questions on wire tapping and two questions on vouchers. These vouchers were discussed during the course of the evening and an opportunity had been available for all those required to take the examination to receive the instructions in telephone tapping prior to the examination:

Dear Mr. Hoover:

It was a real disappointment to me on my visit to Washington, not to see you even for a few moments.

However, greater courtesy could not have been shown me if you had been there personally. I am especially indebted to Mr. Tracy, Mr. Keith and Mr. Glavin for their consideration.

It was impressive to see the order and efficiency of the Bureau, but most of all the spirit of loyalty manifested everywhere to you and your ideals.

I still hope sometime to have the honor of meeting you and meanwhile want to assure you that if my department can ever serve the Bureau in any way, it will be a real pleasure.

MEMORANDUM FOR THE DIRECTOR

The following are the grades made by those attending the regular monthly conference of Bureau officials and supervisors on October 15, 1936, on their notebooks.

The grades on these notebooks were based upon the talks made by Mr. Hince and Mr. Donaldson. A large number failed to take any notes on the discussion of the method of handling monthly conference letters of Mr. Hince, and this is accountable, to a large extent, for the unsatisfactory grades. Many of those whose grades are only fair or are unsatisfactory had satisfactory notes on Mr. Donaldson's lecture and no notes whatsoever on the talk by Mr. Hince.

Acers	Good, minus	Whalen	Fair
Baughman	Good	Kyly	Excellent

MEMORANDUM FOR MR. CLEGG

Re: Driving instruction afforded
Special Agent S. J. Tracy.

On Monday, September 7, 1936, Special Agent S. J. Tracy was afforded instruction in the operation of Bureau owned cars. Mr. Tracy advised that at the present time he is the holder of a District of Columbia driver's permit and of other permits in various states. He further advised that he has operated a car for a number of years and at the present time is operating his own car; further, that he has given instruction in automobile driving on numerous occasions and has passed upon the tests of several chauffeurs employed by the Federal Bureau of Investigation.

Mr. Tracy operated the car in a careful and efficient manner, and it was readily apparent that he was quite at ease in the driver's seat. It is suggested that he receive a grade of excellent.

Dear Mr. Hoover:

I further express my appreciation for an increase in salary following an increase in grade, effective January first.

I want you to know that I am appreciative of the opportunity to be assigned to your immediate office and I sincerely trust that my efforts will merit your continued confidence. It has been almost three years that I have been assigned to the Seat of Government and these three years have been the most fascinating and interesting years of my life. You have set such an example for those under your direction that it inspires one to "live" the Bureau which, I believe, is as it should be.

MEMORANDUM FOR THE DIRECTOR

On the evening of Monday, February 8, 1937, a "make-up" meeting of the Bureau officials and supervisors who did not attend the previous monthly conference was held in Training School #1 at 7 P.M.

The following were absent, and, when calling the roll, the response was made by those present that these absentees were out of town on official business:

Mr. Appel
Mr. Blackburn
Mr. Coffey
Mr. Egan
Mr. Hince
Mr. Lester
Mr. Nichols
Mr. E. A. Tamm

Mr. E. A. Tamm was absent because of illness. Mr. McIntire advised that he was in conference with the Director at that particular time. Mr. Douglas was absent and has informed me that he subsequently talked with the Director concerning this. Mr. Vincent reported a few minutes late, following the roll call.

The program included a written examination, a copy of the questions being attached. A very splendid talk, on which considerable preparation had been put forth, was given by Mr. Tracy on the subject of the "FBI Athletic Association," and a very instructive and practical talk was given by Mr. Gurnea on the subject of the transportation of prisoners in automobiles.

The following are the grades made by those present, it being observed that Mr. Bacy, Mr. Glavin, and Mr. Quinn made passing grades and all others made unsatisfactory grades in this examination:

Please let me have any suggestions as to how to correct the poor showing made by Bureau Supervisors in the examination. JEH

I feel that there is some excuse for the following, who have never completed the Bureau's course for Special Agents: Messrs. Pickering, Donaldson, Renneberger, Conrad, and Clark.

During the conference, I announced that the Director had expressed himself as being very much displeased with the poor showing made by the employees in the written examinations, and that such a condition could not continue to be tolerated. They were also informed that in the future these conferences would be held monthly and that those who did not attend would be required to attend two additional conferences, at both of which written examinations would be given. They were informed that a decision would subsequently be reached as to what the requirements would be should an employee be out of town on official business or on sick leave, and this matter will be presented to the Executive Conference for consideration. They were informed that otherwise the only ones excused would be those excused in writing by the Director.

Those attending were also informed that it would be imperative that each employee attend the gymnasium the required number of times as scheduled and that strict compliance with this requirement would be necessary.

Respectfully,

H. H. Clegg.

MEMORANDUM FOR THE DIRECTOR

The reward fund being held for the benefit of the family or estate of the next Agent who may lose his life by violence in line of duty is considerably over \$5,000. The thought has occurred to me that benefits to Agents will not be numerous, so we hope, from this particular fund and in order that some additional benefits might be made available if desired by a sufficient number of Agents I suggest that consideration be given to extending the matter as follows:

- 1 - To provide \$600 or \$1,000 to be paid to the dependents, beneficiary or estate of any Agent whose death takes place while he is still on the payroll of the Bureau, regardless of the cause of death.
- 2 - That in case of death by violence in line of duty the payment to be made should be \$5,000 or the entire amount in the fund if less than \$5,000.

The additional clerical work incidental to the handling of the above would be very small by comparison to the benefits and protection afforded.

An assessment basis would provide sufficient funds for the payment of the above; i.e., upon the death of an Agent and the payment of \$1,000, an assessment of from \$1.00 to \$2.50 would be all that would be necessary. Such assessments should be made whenever the fund reaches an amount less than \$5,000.

It is suggested that this matter be given consideration by the Executive Conference.

In connection with the foregoing the attention of the Conference is brought to the attached newspaper clipping indicating that the Secret Service has some provision of this type. I do not believe that it is a proper matter for the Athletic Association unless it is desired to make it available to all clerical personnel which would mean probably the incorporating of the Athletic Association and the hiring of special employees to handle the work incident to the issuance of policies and the checking of claims, which would be obviously too great a task to warrant its consideration.

Respectfully,

S. J. Tracy.

MEMORANDUM FOR MR. TRACY

This is to inform you that you made a grade of 72.8 per cent on the written examination given at the conference of Bureau officials and supervisors on June 24, 1937.

The examination given at this conference was of such a type that it was reasonable to expect each employee present to make a grade of 85 per cent or more. It is absolutely imperative that steps be taken in order that you may be sufficiently informed concerning the contents of the Bureau's manuals and its policies so that you can make a satisfactory grade on these examinations.

Very truly yours,

John Edgar Hoover,
Director.

MEMORANDUM FOR MR. TOLSON

DECLASSIFICATION AUTHORITY DERIVED FROM:
FBI AUTOMATIC DECLASSIFICATION GUIDE
DATE 03-05-2012

Reference is made to my previous memoranda concerning the re-allocation of certain positions in the Director's immediate office.

With reference to Mr. Tracy, I desire to advise you that Mr. Overholt has agreed to recommend Grade Caf-13 for this position. He has based his recommendation on the confidential assignments of Mr. Tracy.

With reference to Miss Beahn, as was mentioned in my memorandum of June 29, 1937, Mr. Overholt is going to recommend Grade Caf-6 for this position.

With reference to the position occupied by Miss White, I explained to Mr. Overholt that it was the intention of the Bureau to delegate the duty of signing mail to Miss White. He stated that if this duty were assumed by Miss White, he would recommend Grade Caf-5. However, the mail signed by her should be comparable to the mail signed by Miss Beahn and should not be the same type of mail which is signed by Miss Wine.

With reference to W. S. Moissette, Mr. Overholt is of the opinion CU-4, his present recommended grade, is all that can be recommended for him. He exhibited approximately 13 classification sheets of other head messengers in the same grade. For your information, the head messenger in the office of the Secretary of the Treasury Department is in CU-4. The messenger in the U. S. Veterans Administration, detailed to the White House and assigned to carry official and important documents and acting as door keeper in the President's office and the Cabinet room in the absence of the regularly assigned employee, is in CU-4. The head messenger to the Secretary of Interior is in the same grade. The head messenger to the Secretary of State is in the same grade. The head messenger to the Attorney General is in the same grade. Mr. Overholt stated that in view of such precedence, a rating of more than CU-4 could not be considered.

Respectfully,

W. R. Glavin.

MEMORANDUM FOR THE DIRECTOR

Re: Suggestions

Reference is made to the practice of Special Agents in Charge telegraphing the Bureau requesting authority for a Special Agent to use his personally-owned automobile on transfer.

It is suggested that such authority be vested in the SAC with the requirement that the SAC advise the Bureau by wire prior to travel time, wording to be similar to the following:

"Unless otherwise advised authority being granted today Agent Doe to use personal automobile en route Phoenix on transfer."

The above method of advising the Bureau will dispense with the necessity of a reply from the Bureau unless it is desired to revoke the authority.

Respectfully,

S. J. Tracy

MEMORANDUM FOR THE DIRECTOR

Re: Physical Examinations.

It is suggested that the Bureau give consideration to making arrangements, if possible, for future physical examinations to be made at Walter Reed Hospital, Takoma Park, or by the Veterans' Administration at Mount Alto Hospital on Wisconsin Avenue.

There have been many instances in which defects or pathological conditions have been reported by the Public Health Service which have been found erroneous by competent, private physicians. More particularly, and to my mind, more important are the three cases reported to the Bureau by the Public Health Service that the three Agents concerned were suffering from leuc. In each case, competent medical examination has proven conclusively the findings of the local Public Health Service to be erroneous.

The finding of a luetic condition is a serious matter and in each of the three cases above referred to, each resulted in extreme mental anguish until subsequent tests revealed otherwise. I frankly believe that this is sufficient justification for the Bureau to take steps to have physical examinations performed elsewhere.

There are also other reasons for this suggestion. The local Public Health Service in the Old Post Office Building on Pennsylvania Avenue is little short of filthy. Patients are required to walk around barefooted on floors that are obviously dirty. They are required to lie down on operating tables, the linen of which is obviously soiled. It is with some trepidation that one reclines on the operating table not knowing how clean the previous patient might have been. I personally do not believe that the medical staff of the local Public Health Service is as competent as the medical staff at Walter Reed or Mount Alto.

Respectfully,

A. J. Tracy.

I take pleasure in endorsing the application of Mr. Stanley J. Tracy, Assistant to Director J. Edgar Hoover of the Federal Bureau of Investigation, who, I understand, has submitted an application for a commission in the Naval Intelligence Reserve Corps.

I have known Mr. Tracy for many years, having attended college with him in the District of Columbia, prior to his appointment in the Federal Bureau of Investigation, and I believe he possesses all of the requisites for the appointment he seeks. He has had varied experience as an investigator and administrator in the Federal Bureau of Investigation. From every standpoint, I consider him eminently qualified to become a creditable representative of the Naval Reserve Corps, in which I hold a reserve commission as Lieutenant Commander.

MEMORANDUM FOR THE DIRECTOR

At 7:00 P. M., on the evening of October 26, 1937, the regular monthly conference of Bureau Officials and Supervisors was held in Training School No. 1.

The following were absent from both roll calls:

Mr. Egan	Mr. Rineo
Mr. Tamm	Mr. Leckie
Mr. Appel	Mr. McIntire
Mr. Walsh	Mr. Nichols
Mr. Blackburn	Mr. G. Tamm
Mr. Coffey	Mr. Vogel

Mr. Lerry was attending a new Agents' class which was in session in another school room at the same time and to which he is assigned as Monitor.

The following were out of town on official business:

Mr. Egan	Mr. Harbo
Mr. Appel	Mr. Leckie
Mr. Walsh	Mr. McIntire
Mr. Blackburn	Mr. Nichols
Mr. Coffey	Mr. G. Tamm
Mr. Carson	Mr. Whitely

The following were absent because of annual or sick leave:

Memo for the Director

October 20, 1937.

At the second roll call, Mr. Lawler and Mr. Brandt arrived a few minutes late, but their tardiness was due to the fact that I had specifically instructed them to go to their offices to secure some information relative to a case which was to be discussed extemporaneously and also information in answer to specific questions which had been asked as to the identity of a Special Agent who had performed certain improper investigative work in connection with the same case.

Mr. E. B. Clark, photographer in the laboratory, arrived after the second roll call. However, he had been assisting in connection with some practical photographic work by some new Special Agents, and was not required to attend the conference.

Mr. Clark discussed the changes which had been approved in the manual for field office Chief Clerks and in the Manual of Rules and Regulations.

Mr. Brandt led the discussion of the mishandling of a lead in a case by a Special Agent in the field, and this was followed by a discussion of possible leads in connection with the Hugh Hunt case which is still outstanding. Comments were made concerning the handling of the discussions by both Mr. Brandt and Mr. Lawler.

A written examination was given to all those present and the grades made are as follows:

Mr. Brandt	100	Mr. Scott	95 1/2
Mr. Bundy	100	Mr. Singmon	95 1/2
Mr. Collier	100	Mr. Mathis	95
Mr. Drayton	100	Mr. Cornelius	94

MEMORANDUM FOR MR. TOLSON

Shortly before the IAI Convention Mr. Tracy informed me that the Director desired that a copy of the mailing list be run off from the stencils and sent to Mr. George Harvey, of the DuPont Company. This was requested of Mr. Renneberger and the list was received in the Research Division, where a letter was prepared for the Director's signature on October 9, advising Mr. Harvey that the list of law enforcement officers was being sent to him under separate cover. The list was retained in the Research Division pending the clearance of the letter through the Director's office.

Three checks of the files were made prior to the early part of last week, at which time we were advised that the letter was not on record and, accordingly, I called Mr. Tracy, who had informed me, as noted above, that the list was to be sent to Mr. Harvey. I advised Mr. Tracy that the list had not been sent out as yet, and asked him if he would endeavor to make a check on this. It is my recollection that Mr. Tracy said he did not know whether the letter had gone out but that he would be on the look-out. I talked to him today about this matter and he is of the impression that the Director sent the letter to you on a "see me." Following my conversation with Mr. Tracy when I asked him to check up on the letter another check of the files was made.

As you have indicated to me, I was in error in not bringing this to your attention sooner; however, I felt that, since it is the practice when transmitting material under separate cover to await the signing of the letter, it was being held up in the Director's office for some purpose.

NOV 6 - 1937

I assure you that such an occurrence will not happen again and that in the future when material is being sent under separate cover you will be advised if the letter does not clear immediately.

Although this employee has not been under my personal jurisdiction during the past six months' period, I believe he is entitled to an efficiency rating of EXCELLENT.

Mr. Tracy has performed his work so far as I know during the period in a highly efficient manner. He is receiving \$6000 per annum in Grade Caf 13 and I believe he is entitled to a promotion of \$200 per annum, effective January 1, 1938.

As you know, Mr. Tracy is being given instruction in assisting in field inspection work at the present time. I think he can be classed as a very valuable Bureau representative.

In accordance with your request of sometime ago, when Mr. Tracy was assigned to me to assist on inspections, that you desired a summary of his work and ability, I desire to inform you as follows:

He worked with me on almost the entire inspection at Boston and on the complete inspection at Louisville, both of which offices were in terrible shape and in which we ran into practically every kind of a violation that could be found in a field office. After the first few days he took hold of the work in a satisfactory manner. He was quick, alert, intelligent, exercised extremely good judgment, indicated his thorough knowledge of Bureau policy and principles. He was fair in his dealings with employees and the Agent in Charge. He is extremely good on detail work and he is conscientious, put in long hours and wasted no time whatever during the hours he was working. I consider him capable of making an inspection of any office in the Bureau in a satisfactory manner, both from the Bureau's standpoint and from the field standpoint.

I consider him capable of making an inspection without supervision from now on. I think he would be a valuable addition to the inspection force of the Bureau.

Respectfully,

J. S. EGAN.

MEMORANDUM FOR THE DIRECTOR

Re: Conferences with SACs and Supervisors
in fourth Special Agents in Charge
Conference, December 17, 1937.

In accordance with your instructions, I conferred with members of the fourth Special Agents in Charge Conference relative to appropriate contacts with peace officers and individuals other than peace officers in their respective field office divisions and concerning the date you desired in connection with states in their respective jurisdictions which might initiate police training schools for local officers through federal grants.

My opinion as to the abilities of the members of the fourth conference follows:

INSPECTOR S. J. TRACY

Inspector Tracy has always impressed me as being extremely energetic. He should make a good contact man with law enforcement officers and citizens' groups. If given the opportunity, it is my belief that he can give a very creditable talk before civic and law enforcement organizations. People all over the country, who have met him at various times in the Bureau, have asked me about him. I do not recommend him as a contact man for national law enforcement conventions.

A copy of this memorandum is being routed directly to Mr. Clegg for his personal and confidential information.

RE: SUGGESTION - TELETYPE
EXAMINATIONS.

With reference to teletype examinations given by inspectors in the various field divisions, it is suggested that the Bureau prepare a special teletype examination inasmuch as the typing test now being used for teletype tests contains punctuation and is not suitable for use on the teletype. It is believed that such tests should be prepared in capital letters and contain only such figures and letters as appear on the teletype machine. The time and the method of grading should also be worked out.

RE: PROMOTIONS FOR MESSRS. GLAVIN AND TRACY.

I spoke to Judge Holtzoff on December 7th with further reference to the situation concerning Messrs. Glavin and Tracy and their pending promotions.

Judge Holtzoff has checked all of the decisions relative to the carrying of Inspectors Egan and Lester on the SOG roll. He states the decisions are unanimous to the effect that a person who is traveling and spending the major portion of his time in a supervising and examining capacity and who reports to Washington, is not a field service employee and is properly assigned to the SOG roll. Accordingly, it does not appear that Mr. Egan and Mr. Lester can be transferred off of the SOG payroll.

I asked Judge Holtzoff to look into the possibility of considering the whole Department so far as Grade Caf 13 is concerned in the hope that this might enable us to grant the promotions which are pending for Mr. Glavin and Mr. Tracy. He stated he would do this and would let me know at a later date.

RE: SUGGESTION - NATIONAL
POLICE ACADEMY.

Reference is made to Bureau Bulletin Number 77, Second Series, dated August 16, 1937, wherein it is stated that three sessions of the NPA will be held beginning January 10, May 2 and September 5, 1938.

It is suggested that consideration be given to having four sessions of the NPA during the calendar year 1938. This suggestion is made with the view toward increasing the number of graduates of the Academy in the shortest possible period of time. For the most part they are loyal supporters of this Bureau and obviously the Bureau can not have too many such representatives in the various law enforcement bodies of the country. Also, such graduates as the years pass will occupy positions of greater responsibility. It is also felt that the NPA Associates will soon become the leading law enforcement body in this country inasmuch as its membership will be composed of men above the average in law enforcement work. This organization will undoubtedly supplant such organizations as the International World Police and the International Association of Chiefs of Police, or at least take the leading part in the conduct of these organizations. I believe that time should be hastened and at the present rate of graduation it will take many years.

Respectfully,

S. J. Tracy.

Mr. S. J. Tracy,
Federal Bureau of Investigation,
United States Department of Justice,
Washington, D. C.

Dear Mr. Tracy:

Reference is made to your memorandum of December 11, 1937, wherein you suggest that four sessions of the FBI National Police Academy be held each year instead of three, as at present.

The Bureau does not at present approve this suggestion due to the fact that were such classes held consecutively it would compel the policemen to be in Washington over the Christmas and New Year's holidays. The additional amount of attention needed to be given to both classes would impose a heavier burden upon the Bureau's personnel and it would interfere with the program of training the Bureau's own employees.

Based upon previous experience of one or two weeks' overlapping of schools, it was found that the members of the two classes seek to mix socially in the evening instead of applying themselves to the preparation of their notebooks.

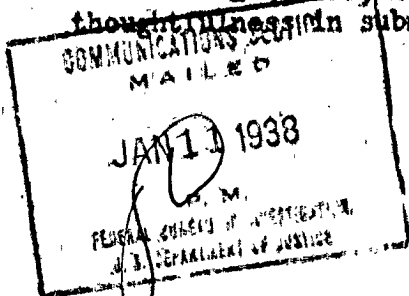

Further, there would likely be difficulty in getting enough to attend each session of the Academy as far as the school quota of attendance is concerned. It is felt that during the few weeks interval between the closing of one class and the beginning of another, plans for the next session could be made up so that each police Academy session might be an improvement over the previous one.

I desire, however, to express my appreciation for your thoughtfulness in submitting this suggestion.

Sincerely yours,

John Edgar Hoover,
Director.

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

MEMORANDUM FOR THE DIRECTOR.

Re: PROMOTIONS FOR MESSRS. GLAVIN & TRACY.

I talked to Mr. Quinn and also to Judge Holtsoff relative to the receipt of advice from Mr. Butts to the effect that the GAO is questioning the salaries of Messrs. Egan and Lester at \$7,000 per annum in Grade Caf 13 on the SOG roll.

Mr. Quinn stated he would look into the matter but I did not hear from him.

Mr. Holtsoff advised me that he talked to Mr. Butts who stated the GAO has temporarily suspended past payments of salaries to Inspectors Egan and Lester; that the Department has forwarded information concerning the recent allocations to Mr. Overholt and the GAO and also the decision rendered by Judge Holtsoff in the matter. If this does not satisfy the GAO, and Judge Holtsoff thinks it will, an appeal will be made by the Department to the Comptroller General personally. Judge Holtsoff has told Mr. Butts that he wants to handle this appeal.

I telephoned Mr. Overholt this morning regarding the above matter and he stated he did not see any way out of this situation unless the Department feels that from a legal standpoint they want to appeal the assignment of Messrs. Egan and Lester to the SOG roll.

I talked to Judge Holtsoff about this and he will review the decisions on the question of field and SOG assignment to determine whether he can find any way in which we can try to get Egan and Lester on the field roll. This, of course, would clarify their situation since the GAO has temporarily suspended the accounts of the Disbursing Office for paying them at the rate of \$7,000 per annum in Grade Caf 13. It would also clarify the Grade 13 situation so that the promotions of Glavin and Tracy can be made. I will keep you advised of this situation.

Respectfully,

Clyde Tolson.

MEMORANDUM FOR MR. TOLSON

Mr. Butts of the Department called this afternoon by telephone and stated that with reference to the increase in salary which had been recommended for Messrs. Tracy and Glavin, he desired to informally advise the Bureau that the increase authorized would place them above the average salary paid to employees of this Bureau in grade 13, and that there is a Comptroller's ruling making it impossible to pay more than the average salary in a salary classification.

He also stated that within the past few days advice had been received by the Department from the Comptroller General's office that Messrs. Lester and Egan, who are receiving \$7000 per annum each in grade Caf-13, would be called upon for reimbursement to the Treasury Department inasmuch as there is no such salary in grade Caf-13 and that they are considerably in excess of the average salary in that grade.

Mr. Butts stated that he was aware of Mr. Overholt's reasons for placing Messrs. Lester and Egan in grade Caf-13 at \$7000 per annum and that the Comptroller General's office is being advised accordingly and is being furnished with a copy of Judge Holtsoff's opinion in this matter. He stated that the Bureau would be informed more fully by memorandum concerning this within the very near future.

Respectfully,

A. H. Crowl.

RE: PROMOTIONS FOR MESSRS. GLAVIN & TRACY.

I called Mr. Quinn on November 26th with further reference to the pending promotions for Mr. Glavin and Mr. Tracy. He pointed out that it was not possible to permit these employees at the present time to receive promotions because the average of Grade Caf 13 has been exceeded in the Bureau due to the fact that Mr. Egan and Mr. Lester are being carried in Caf 13 at \$7000 per annum.

I suggested to Mr. Quinn that possibly he might be able to arrange for consideration to be given to the entire Department in the matter of computing averages of salaries in Grade Caf 13 and that under this arrangement we might be able to effect these promotions which you are quite anxious to do. He promised to look into the matter and let us know.

MEMORANDUM FOR THE DIRECTOR

Re: Suggestion -reassignment
of Accountants.

"S. J. Tracy"

After reviewing the accounting work at the New York Office and the assignment of Accountants to work usually performed by Agents, the following suggestion is made:

At the present time an Agent in Charge is allowed to assign an Accountant to regular Agents' work for a period of five days without permission from the Bureau. The situation in this regard at the New York office is probably best illustrated by information received from Accountants presently assigned. We were informed by Special Agent (A) M. J. Poyd that he was assigned to the Atlantic City White Slave cases for approximately two months; on the Parsons kidnaping case for a period of approximately five weeks off and on; has been assigned, in addition, to many plants in New York City and vicinity, and on the day of interview with the Inspectors had been on a plant that entire day. He stated that he enjoys Agents' work; that, however, he is not on accounting work or on his own cases long enough to make any headway whatever; that by the time he gets started he is out on another plant or assigned to some other case that is not accounting or bankruptcy.

Special Agent (A) B. Stern advised the Inspectors that he was concerned about the status of accounting work; that he had noticed a letter from the Bureau inquiring concerning the status of cases assigned to him personally. He stated that he was in Atlantic City for approximately six weeks on White Slave Traffic Act cases; that he was on a plant in the Fried kidnaping case for approximately one month and has been assigned to other plants, all in recent months. He stated that in his three years of service in the Bureau he doubts that he has spent fifty per cent of his time on accounting work. He says that new men in the same position as himself are not getting sufficient accounting experience. He wanted to make it clear that he enjoys Agents' work; that, however, he felt a responsibility with regard to cases assigned to him. At the time of this interview he had been on a plant for the preceding ten days on the Furdresing investigation. He brought this out not in a sense of criticism. However, he does feel that the newer Agents are not as qualified as they should be, considering length of service in the Bureau.

Special Agent (A) C. A. Herring advised that he has been assigned exclusively to accounting cases. However, he has observed that the other Accountants have been assigned the greater portion of their time to emergency cases on Agents' work; that as a result the bankruptcy investigations in the New York Field Division are in a bad state of delinquency. He feels likewise that newer Accountants are not getting the experience that they should on accounting work and that they are being assigned Agents' work a greater portion of time.

67-1014-229

Memo for the Director

-2-

February 19, 1938.

Supervisor Frankel of the New York Office, who has charge of the accounting work, stated that when Accountants are designated to do Agents' work as well as accounting, we lose some of the best Accountants we have and that the nature of the work for Accountants now does not attract the best Accountants or even good Accountants to our service.

Your attention is invited to letter from the New York office dated February 12, 1938, regarding Special Agent (A) L. L. Juskow by Agent in Charge Vetterli in response to Bureau letter of January 28, 1937, advising the New York Office that this Agent was assigned to that office April 20, 1937, and subsequently submitted only one accounting report to date. SAC Vetterli pointed out that from August 16 to August 30, this Agent was assigned on a plant in the Parsons case; from September 16 to November 1, 1937, he was assigned to the Atlantic City vice ring cases; from December 9, 1937 to December 24, 1937, he was assigned to the Furdressing investigation, and from January 24 to February 1, 1938, he was assigned to the Colavecchio fugitive bank robbery case. All of the foregoing assignments were of a general investigative nature necessitated by the shortage of personnel in the New York office.

A recommendation is being made at this time due to the condition of the accounting and bankruptcy work in the New York Office, and to the further fact that Accountants are not receiving training on accounting work. The Agent in Charge at New York, it is felt, should be instructed that Accountants must be assigned to accounting work except in an emergency, when he will immediately advise the Bureau of the assignment of Accountants, and they are to be relieved for accounting work as soon as possible after the assignment to such emergency cases.

It is further felt, in view of the foregoing, that the Bureau should at this time give serious consideration to the abolishment of the five day rule with reference to the assignment of accountants on general investigative work and that the rule be that Bureau approval must be secured in each instance in which it is desired to utilize the services of Accountants on work other than accounting or bankruptcy except in an emergency, when the Bureau should be notified immediately of such assignment and the probable duration.

Respectfully,

J. S. Egan

S. J. Tracy.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund and who may lose his life by violence in line of official duty, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. In the event of a finding that the death was by violence in line of official duty, appropriate instructions will be issued to the Chief Clerk, directing him to pay to the designated beneficiary the full amount of said fund as of the date of death.

The following person is hereby designated as my beneficiary:

RE: CLERICAL SCHOOLS.

The clerical school ending May 25 completes the schools to be held for the benefit of stenographers and clerical employees doing stenographic work. Seven schools were held each Monday for a period of three days beginning April 11, 1938.

The almost unanimous reaction of the clerical employees was that the classes and tours were both interesting and instructive. Several suggestions were made by those attending the schools with reference to the schedule and appropriate changes were immediately made.

It is recommended that a clerical school be held at intervals of ninety days on the following suggested dates to include all new stenographic employees and other clerical employees assigned to such duties as would make the school of value to them:

Monday, August 29, 1938
" November 28, 1938
" February 27, 1939.

It is further suggested that the Executive Conference give consideration to the holding of review schools once a year. It is believed that the tours and review of the work and functions of the Bureau and open forum discussion of the stenographic manual will result in renewed interest and enthusiasm, inuring to the benefit of the Bureau.

Respectfully,

S. J. Tracy.

Dear Mr. Tracy:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital at Washington, D. C., on August 24, 1938.

This report reflects the following physical defects:

Tonsillitis - chronic.

Prostatitis - chronic.

Dental findings: Absence, teeth, acquired (14). (Prosthesis satisfactory).

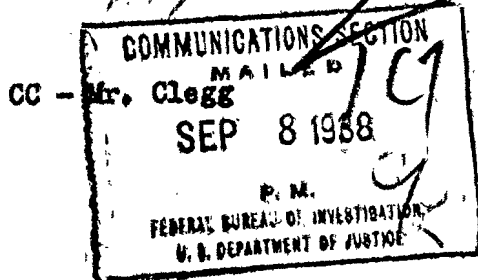

The Board of Examining Physicians recommended treatment of prostatitis.

The Board advised that you are capable of performing strenuous physical exertion and that you have no defects which would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

Re: WSTA CASES
INTERMOUNTAIN AND PACIFIC
COAST AREAS

Dear Sir:

A review of the WSTA cases in the Portland Field Division office disclosed numerous reports submitted containing names of pimps and prostitutes operating in the Oregon Field Division territory. These reports reflect a rather frequent travel on the part of these people through Oregon, Washington, Idaho, Utah, Wyoming, California and Nevada. Many of the reports containing information of interest to other Divisions but not containing leads or necessitating investigation are merely filed in the Portland Field Division without copies being furnished to other offices. It was also ascertained that the names of prostitutes, pimps, madams and others engaged in this type of violation, including one "Charlie" in Portland whom the Portland files reveal to act as a contact man for pimps arriving in the city, this man having available the various houses where vacancies exist, have not been indexed in the Portland files except when the names have appeared as Subjects in a case. This matter will be set out in detail in the Portland inspection report, and this situation has been discussed in detail with the Special Agent in Charge of the Portland Field Division.

It was thought by the writer that the WSTA situation on the Pacific Coast and in the intermountain section was of such a magnitude that no single office could properly cope with or handle the violations successfully acting as an independent unit.

With this in mind, upon my arrival in San Francisco for a few hours between trains I discussed this situation with Special Agent in Charge Pieper, and he is in agreement that there are many and flagrant violations of the WSTA in the Field Divisions above referred to, and that the violations are of such a magnitude that no single office can properly handle or correlate the work.

A review of the White Slave cases at the Salt Lake City Field Division reveals a similar situation in that information

5-3-70121

67-312-169

✓
42

developed in this Division, particularly in Reno, Nevada, is of such a type and kind that one office cannot properly follow the movements of the persons concerned. I have discussed this situation with Special Agent Ray Abbaticchio, who has for a considerable period of time been assigned as Resident Agent at Reno. Agent Abbaticchio concurs with the writer in the suggestion that the Bureau consider the formation of a special squad with headquarters at San Francisco, California, this squad to consist of approximately eight Agents including the Agent in charge of the assignment - one Agent and the Agent in charge to be in San Francisco; two in Salt Lake City, one to cover Reno and Nevada and the other to cover Utah and Wyoming; one to cover the Portland Division; one the Seattle Division; one the Butte Division, and one the Los Angeles Division.

Special Agent Abbaticchio has advised me as follows:

"The Salt Lake City Division file entitled 'White Slave Traffic Situation in Reno, Nevada,' which outlined and reported developments from time to time in a cooperative vice control program at Reno, informed the Bureau that there appeared to be no organized ring booking prostitutes from city to city in the area under consideration; that, however, numerous pimps are operating throughout the area transporting one and possibly two prostitutes from city to city, changes being made in accordance with the business conditions in their line. From time to time incoming prostitutes have been picked up and questioned by Bureau Agents at Reno, and in some instances through checking their stories at the places from which they came successful cases have been made. During the past two years considerable progress has been made in the principal cities of the territory of the Field Divisions under consideration toward having prostitutes fingerprinted and photographed as a pre-requisite to their going to work in the various cities. Some success lately has also been had in encouraging the authorities to fingerprint their pimps, and it is believed that were the project made a special with approximately eight men as outlined above, within a comparatively short period authorities in all of the principal stopping places of pimps and prostitutes could be placed in line in this regard."

With reference to the foregoing, arrangements have been made at Klamath Falls, Oregon by Agent Wood for the fingerprinting of pimps and prostitutes approximately weekly to serve as a positive check on their movements and their presence in Klamath Falls at a particular time. Agent Wood advises that it is possible to have Police Departments throughout Oregon institute a similar procedure, if desired by the Bureau. There appears to be no reason why it would

not be possible to have this done in most of the places above-referred to. Agent Abbaticchio is of the opinion that there would be no difficulty in having this done in Reno, particularly in view of the fact that prostitutes are presently fingerprinted as a Board of Health measure.

As the Bureau has already been advised by Agent Abbaticchio in previous correspondence concerning WSTA cases, there are many white Slave violations constantly occurring. A review of the files of the Salt Lake City and Portland Field Divisions confirms Agent Abbaticchio's statement. Prostitution is flourishing in these western states, particularly in view of the fact that it is unrestricted in most of the cities.

A special squad would, of course, necessitate the maintenance of index files at the headquarters of the squad. It is believed that this would be highly desirable and would make available the information presently in the files of the various Field Divisions, which information is not being utilized at the present time due to the fact that there is no system of correlation.

I desire to refer to Bureau correspondence with the Portland, Los Angeles, Seattle and San Francisco Field Divisions concerning the White Slave situation in Honolulu. It is suggested that the Bureau furnish a copy of Special Agent McFarland's report and cover letter, furnished by the Bureau to the Pacific Coast offices, to the Salt Lake City Field Division. Special Agent Abbaticchio informs me that there have been several instances wherein prostitutes in Reno have informed that they previously worked in Honolulu. It is believed that if the information concerning the Honolulu situation were made available to the Salt Lake City Field Division, considerable information might be secured at Reno in this connection. It may be recalled that in the fall of 1935 a successful prosecution was had in the San Francisco Division territory of several individuals who were responsible for canvassing the Restricted District at Reno, Nevada and persuading a number of prostitutes to journey to Honolulu for the purpose of practicing their profession there.

Special Agent Abbaticchio is preparing a letter to the Bureau with reference to information obtained by the office of the Washoe County, Nevada District Attorney as the result of a telephone tap placed on the Mizpah Hotel at Reno, which is the residence of the majority of pimps and prostitutes in that city. It is believed that this information will disclose to the Bureau the magnitude of the investigation necessary to successfully investigate and prosecute White Slave Traffic Act cases in the western part of the country.

Respectfully yours,

MEMORANDUM FOR THE DIRECTOR

RE: SUGGESTION - MANUAL OF
RULES AND REGULATIONS -
SECTION 91 - LEAVE OF ABSENCE.

Attention is invited to the fact that this Section covers four pages in the present Manual. It is recommended that this section be included in the Chief Clerk's Manual and that the following paragraph only be included as Section 91 in the present Manual of Rules and Regulations:

“(91) LEAVE OF ABSENCE - Applications for leave shall be prepared in triplicate, two copies being forwarded to the Bureau and one copy being retained in the employee's administrative file. Letters of transmittal are unnecessary. Annual leave is chargeable in multiples of quarter hours. Sick leave is chargeable in multiples of half days, additional fractions authorized on the same day to be charged in multiples of one hour. Employees in leave status shall keep their SAC advised of their exact whereabouts. Leave without pay will not be granted except in certain cases of extended illness. Annual leave accumulates at the rate of $2 \frac{1}{6}$ days for each month of permanent service. It is cumulative to sixty days. Sick leave accrues at the rate of $1 \frac{1}{4}$ days per month, being cumulative not to exceed ninety days. In the event of serious disability leave may be advanced not to exceed thirty days in addition to the unused sick leave.

“Not later than January 15 of each year information on forms provided must be submitted to the Bureau showing the full leave record of each employee as of January 1st of the ensuing year.”

It is suggested that the daily report form covering two pages in the Manual of Rules and Regulations be deleted from this manual. It is such a brief form and is so simply prepared that there would appear to be no useful purpose in utilizing two full pages of the Manual merely for this purpose.

In the event the Conference does not feel this form should be omitted, it is recommended that it be included in the Chief Clerk's Manual only.

Dear Mr. Tracy:

The Bureau considered the memoranda submitted by you on October 18, 1938, concerning the deletion of certain sections of the Manual of Rules and Regulations and the inclusion of such data or pertinent portion thereof in the Chief Clerk's Manual. The memoranda to which reference is made relate to your suggestions concerning the daily report form, the rules for the preparation of monthly administrative reports, the regulations concerning leave of absence, the regulations concerning the form of communications and the firearms and scientific training report forms.

The Bureau does not approve any of these suggestions in view of the following facts:

1. It is necessary that Special Agents prepare daily reports and it is believed advisable to have a specimen form of these reports for reference purposes in the Manual of Rules and Regulations where a discussion as to their preparation is included.
2. All Special Agents are potential Special Agents in Charge. All of them should know how to prepare monthly administrative reports and the details of regulations should be readily available to all Special Agents in the Manual of Rules and Regulations.

The Manual of Rules and Regulations in its present size, particularly when compared with the Manual of Instructions, does not appear to be voluminous to such an extent that it is necessary to reduce the size of this Manual by eliminating necessary reference material.

3. The Bureau desires that all Special Agents have as full a statement as possible of the Governmental and Departmental regulations concerning leave of absence. A clearer understanding on their part concerning the regulations imposed upon all personnel in the Government service is desirable.

4. Since Special Agents and Special Agents in Charge are charged with the responsibility of dictating all communications, it is believed that the proper forms should be made of ready reference in the Manual of Rules and Regulations.

5. Since Special Agents in Charge and Special Agents are required to fill out several times each year the scientific and firearms training reports, it is believed that the retaining of specimen pages of these reports in the Manuals will serve as a ready reference and further avoid the use of obsolete forms.

The Bureau desires to express its appreciation for your thoughtfulness in making these suggestions.

Dear Mr. Tracy:

Reference is made to your memoranda dated October 18, and October 17, 1938, making suggestions as follows:

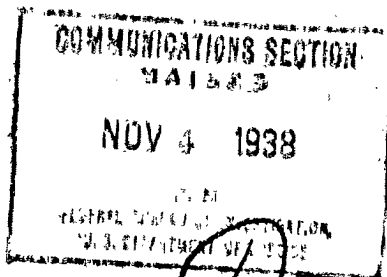

(1) That the section of the Manual of Rules and Regulations relating to retirement be eliminated from this manual. In this connection, the Bureau has approved your suggestion in view of the fact that within approximately two weeks there will be a special analysis of the Retirement Act and interpretations printed in pamphlet form for distribution to employees.

(2) That a notice be placed in the Bureau's manuals with reference to a "stop notice file." In this connection, you will observe that such a notice appears as Section 56 of the Chief Clerk's Manual, in view of which fact it does not appear necessary to repeat this instruction in any other manual at the present time.

It is suggested that Section 193 of the Manual of Rules and Regulations, which section deals with retirement, and consists of in excess of eight pages, be omitted from the Manual of Rules and Regulations at the time of the next reprinting.

There is no provision in the Manuals of Rules and Regulations or the Chief Clerk's Manual with regard to the maintenance of a stop notice file. Such a file is being maintained in the majority of offices. However, during an inspection of the Aberdeen Office, which office but recently opened, no such file was in existence. RE: SUGGESTION RE PHOTOGRAPHS

FUGITIVES.

The attention of the Bureau is invited to the fact that photographs sent to the field usually contain the FBI Number in the center of the photograph on the reverse side. Before the field offices can enter a description as required on the back of the photographs, it is necessary that they erase the FBI Number and re-type it at some other place on the photograph.

It is suggested that the FBI Number on such photographs be placed either at the extreme top or at the extreme bottom in order that there will be sufficient room for the typing of the description.

Dear Mr. Tracy:

On November 25, 1938, the Bureau attempted to reach Special Agent in Charge Sackett of the Milwaukee office by telephone. Mr. Sackett was at Camp Logan, Illinois, receiving firearms training and although the Bureau followed the instructions as to how to reach Mr. Sackett, it was impossible to do so expeditiously. Mr. Sackett advised, when he was finally contacted by telephone, that all of the Agents were taken to the range at Camp Logan on one day in accordance with your specific instructions.

The Bureau desires in the future that the plan be adopted, which has previously been in existence, of leaving certain Agents at the field office and giving firearms training on two separate days to the Agents of an office, in order that at least one Special Agent may be reached at a field office throughout the day.

DECLASSIFICATION AUTHORITY DERIVED FROM:
FBI AUTOMATIC DECLASSIFICATION GUIDE
DATE 03-05-2012

Dear Sir:

Inspector Stanley J. Tracy completed an inspection of the St. Paul Field Division on December 13, 1938, and I wanted you to know that the time he spent here was considered not only by myself, but all employees of this office, as profitable and a pleasure to us.

It is my opinion, for what it may be worth, that he is an excellent inspector. I was impressed with his attitude which put all employees at an ease rather than tending to have them put on a dress parade. I was especially impressed with his fairness and his patience in seeking a proper explanation of any single matter.

In regard to his inspection report, please be advised that all administrative errors brought to my attention have been corrected, including his recommendation as to the detention room.

As soon as our personnel conditions are alleviated, the delinquencies and substantive errors of an investigative nature will be immediately corrected.

Respectfully,

ROBERT C. LENDON,
Special Agent in Charge.

FBI AUTOMATIC DECLASSIFICATION GUIDE
DATE 03-05-2012

Mr. J. Edgar Hoover,
Director,
Federal Bureau of Investigation,
U. S. Department of Justice,
Washington, D. C.

Dear Mr. Hoover:

It has been my practice to communicate with you personally after each inspection for the purpose of letting you know frankly and sincerely my reactions to the inspection and the inspector, since I feel that such information is valuable to you and is for the best interests of the Bureau.

Inspector S. J. Tracy just a few days ago completed an inspection of the Milwaukee field division. I wanted you to know that Inspector Tracy conducted himself throughout in a very able and gentlemanly manner. His criticisms were just and his suggestions constructive. He inspected this office in a thoroughly impartial manner, and showed that he had a very excellent knowledge of his work.

May I also add that it is my belief that this is the most thorough inspection I have been through.

I thought that this information would be of interest to you.

Sincerely,

BES/EJB

B. M. SACKETT

MEMORANDUM FOR THE DIRECTOR.

RE: ESCAPE OF SAM GUIDETTE
MEMPHIS, TENNESSEE
DECEMBER 28, 1938

Acting Special Agent in Charge Alden of the Memphis Office advised that approximately 3:30 P. M., December 28, he received a telephone call from Mr. J. C. Harbin at his tourist camp approximately nine miles south of Memphis that the fugitive had been there and stated that he would return about dark. Agent Alden proceeded immediately with Agent J. A. Berry and had Agents J. W. Savage and L. C. Nulty, who were en route to their homes to get old clothing for the plant, notified to proceed immediately.

On approaching the tourist camp Agent Alden observed a car parked in front near the road. He succeeded in distinguishing the numbers on the license tag by the time he reached a position of approximately fifteen yards from the car. In his statement Agent Alden advised that he instructed Agent Berry to pass the car and pull around in the back so he could observe the fugitive's car, glancing at the rear tag to verify his identification made from the front tag and observe the single occupant of the car who was sitting in the driver's seat, the occupant looking back intently over his shoulder at the Bureau car. He seized the shotgun from the rear seat, ran to a position even with the open left front window of the subject's car and approximately five feet away from it, pointed the gun at the subject's head and shouted "Officers - stick them up!" He stated that Guidette, the subject, whom he recognized at that moment from his photograph, flung up his left hand, dropped flat on the seat and released his clutch. As he dropped Agent Alden fired at his head. As the subject's car sped ahead he fired another shot at the car in an effort to mark same. As he ran back, Agents Nulty and Savage were coming out in their Pontiac car in pursuit.

According to Agent Alden he fired two shots with the shotgun and no other shots were fired.

*As a further Tracey was given was with
the subject's car and he was with a point
to stand together. The subject was with
H. 67-1000*

Agent Multy in his statement advised that as they drove to the tourist camp, Agent Savage driving, they slowed down to make a turn into the driveway and he noticed a Bureau Ford turning in ahead of them and recognized Agents Alden and Berry and at practically the same instant noticed a Ford car parked in front of the restaurant headed in the direction from which they were coming; that this was about the moment they were abreast of this car. Agent Savage remarked to him "That's the car." He stated he got a quick flash of the license tag, but could not distinguish the numbers. He could not see the driver because of the reflection on the windshield. As his car came to a stop he heard Mr. Harbin say in a loud voice, "That's him;" that was immediately followed by a command of Agent Alden to the fugitive "Stick them up;" that this was immediately followed by a discharge of a gun and the roar of the automobile as the engine was thrown wide open. Agent Multy stated that he broke into a run and saw Agent Alden holding a shotgun. He then proceeded out onto the pavement and as he reached the middle of the pavement took aim with his pistol, but held his fire as another automobile with several passengers was approaching. During the chase following the fugitive the Pontiac automobile failed to function properly at a speed of some seventy miles per hour. This was subsequently verified by the mechanic at the garage, on my request of SAC Clegg.

Agent Savage's statement is similar to that of Agent Multy, Agent Savage driving the Bureau Pontiac. Both Agents Savage and Multy stated that they saw Agent Berry standing on the open porch observing the activity, but they did not see him take any affirmative action. Agent Savage stated that Agent Multy ran from the car to the road attempting to get a shot with his pistol, but oncoming traffic prevented it. Agent Savage advised that Agent Alden fired a shot at a distance of approximately four or five steps from the driver's side of the fugitive's automobile; that he observed Fugitive Guidette fall to the seat of the car and drive blindly to the highway remaining in such position until he was approximately forty yards up the road; that as he turned to the highway he observed Agent Alden firing a second shot toward the rear of the fugitive's car as he raced away.

Special Agent J. A. Berry in his statement advised that as he arrived with Agent Alden at Harbin's tourist cabins he was driving the car about 30-35 miles an hour as he intended to turn into the lot at Harbin's; that as ent tags were checked he had only a passing glance, but believed the individual in the car to be Guidette. He stated that he does not recall whether ASAC Alden discussed where he should drive

at this particular time. However, he drove past Guidette's automobile and made a turn into the parking space. He stated that he deemed it advisable to proceed toward the door of the lunch room in order that it might look as though he were a customer going into the lunchroom. He turned off the motor of the automobile, but left the keys in the car; that he saw Agent Alden run from the car up to the subject's automobile pointing the shotgun and stating that the subject was under arrest; that he saw one of the subject's arms go up and the shotgun in the hands of Agent Alden go forward. The movement was exceedingly rapid and he did not know whether the subject struck the shotgun or Agent Alden moved the shotgun. The shotgun and the subject's arm moved in the same direction and at this point a shot was fired and the windshield of the subject's automobile was shattered on the right side; that Agent Alden ran along beside the automobile for several steps and fired a second shot; that about the same time Mr. Harbin yelled "That's him" or words to that effect. He stated that he ran back to start the car as the subject's automobile left the vicinity.

Agent Berry is not able to satisfactorily explain his failure to take action while Agent Alden was taking direct action, they having arrived at the same time in the same automobile.

Special Agent Alden was Acting Special Agent in Charge. Therefore he was responsible for the plans for the apprehension.

Special Agent Berry failed to function at a critical time. It is recommended that both agents be suspended, Agent Alden for a period of ten days and Agent Berry for the period of thirty days.

Statements taken from the four agents and a statement of the Agent in Charge, J. E. Clegg, are attached hereto. There are also attached newspaper items appearing in the Memphis papers concerning this incident.

Respectfully,

S. J. TRACY.
